

## 1947 Roswell Deep Impact

Several deep impact probes are applied for penetrating the soil of planets and comets. For example, the Comet Penetrator will travel to comet Tempel 1 in 2004 and release a small Impactor that in its turn will form a football-field-sized crater, seven stories deep. Ice and dust debris will be ejected from the crater, revealing the fresh material beneath.

Another Impactor is for Mars, to penetrate into the soil in order to release its sensors underground, doing analysis and transmitting the data to Earth.

Those Impactors, somewhat like canon projectiles, are constructed in a way that they remain unaffected by high speed impact into a rocky soil, at hundreds of G's of impact force. And their material is not even memory metal or self repairing composite.

In other words, impactors are very stable.

Now, what has all this to do with the 1947 Roswell incident ?

The answer is simple : Deep impact resistance and stability.

Many UFO crafts have been surviving for centuries, millennia, without a scratch. Known UFO models have a wall thickness of 6 inch, or 15 centimeters, most likely with a super-semi-conducting surface. Solid quasi crystalline material hardly known to common Terran technologists.

It is logical to assume that this material has memory self-repair characteristics, to return to its original shape when momentarily deformed or damaged. It is also logical to assume that such material is at least as resistant, even far more superior, as the material used for constructing the Terran deep impact probes. It is not idiot to think that such advanced technology could allow the craft to move even through solid matter.

In other words, UFO crafts are extremely stable. How else can they last such long time ?

Fully intact

It is highly likely that the UFO craft at 75 miles from the Roswell Army Base (now Walker Field) crashed indeed, but remained fully intact.

This is a simple logical conclusion, considering all of the above concerning impactor technology.

Consider the following : Looking at all those pictures, why did they seem to find only foils and surface debris, but no structural, no instruments, no cables, no generators, no panels, no engines, no chairs,

nothing, just foils ? Where were the other things ? Probably the foils were merely part of a disposable outer surface shield.

It is logical to conclude that the UFO craft first detached its outer shield, and continued its trajectory further on to impact in the soil. Hence the two different locations. And the second location, the *real* one I mean, is where the UFO craft was undamaged in the soil.

And after ? All attention got drawn to the first location, the site that was covered with foil. And in the meantime, the real UFO craft got covertly confiscated at the second location. And up to the day of today, it seems that everybody still keeps on focusing on the "famous" crash site, being completely fooled by foil, fake autopsies, mockup pictures, false reports, and so forth.

The *real* crash site brought a nice complete gift from outer space to the Government. Why else was so much effort undertaken to cover-up the whole thing ? And did you know that events like this happened several times ?

Voila.

Besides, throughout the years, *before and after* that incident, a dozen UFO crafts have been confiscated, including 3 or 4 dozen of Alien crew, all completely undamaged and well alive. Yes, alive, because of the internal gravity field inside the UFO craft, there is no G-force upon the crew.

The week before the Roswell crash

Nine (9) flying discs flew at high speed on June 24, 1947 over the Cascade Mountains. Witnesses were more than just excited, to say the least. Despite of this sighting, and several other sightings following this one, not much was learned from it.

It seems that not any linkage between this sighting and the Roswell crash has been dreamed up.

A crash 6 years before Roswell

By the way, the 1947 Roswell incident has been preceded by a UFO crash 6 years earlier in July 1941, near Cape Gerado, South East Missouri. That UFO crash has been held very secret.

Not a great deal of researchers know about this crash. There is very little reference to this in any UFO literature. There are a small number of witnesses to a UFO crash in Cape Gerado, South East Missouri in July 1941. Possibly some mentions in a couple of documents about a UFO crash in 1941.

But it was only from 7 July 1947 that General Twining took 4 days and

- on July 07 he went to Alamogordo AAF for a secret meeting with AAF Chief of Staff Spaatz

and to view recovered remains of craft from crash landing site for recovered remains of the UFO craft from the crash site about 20 miles North West of Socorro

- on July 08 he inspected UFO powerplant parts that were stored at Kirtland AAF
- on July 09 he went to White Sands Proving Ground to inspect pieces of the UFO craft that were stored there
- on July 10 he made inspection of R&D facilities at Alamogordo and then returned to Wright Field

Only few days before that time the 1947 Roswell incident took place. Quite a coincidence ...

A crash 3 years after Roswell

By the way, the 1947 Roswell incident has been succeeded by a UFO crash 3 and a half years later, on December 06, 1950, near El Indio Guerrero area of Texas-Mexican border, after the craft took a long trajectory through the atmosphere.

By the time a search team arrived at the crash site, it appeared that nearly all remains of the object had already been incinerated. It got transported for further study to the AEC Facility at Sandia in New Mexico.

This El Indio UFO crash nearly no-one talks about. So after all, Roswell isn't that unique or special. The Roswell incident is what everybody is talking about, thus leaving room for the other crashes as far as secrecy is concerned.

## Abductions & Alien Breeding

Karla Turner, Ph.D., in her book 'INTO THE FRINGE' (Berkley Books, N.Y. 1992) describes in detail her work with two 'abductees', a husband and wife, who had allegedly experienced numerous alien encounters. Parts of the experiences which were sub-consciously suppressed by the couple were retrieved through regressive hypnosis.

As an example, most of their abduction experiences with the 'greys' involved the classic 'medical examinations', however the husband was convinced from his own observations that the 'Grey' aliens were attempting to genetically cross-breed humans and animals, such as cattle. At one point the husband observed an unconscious woman, not his wife, 'cut open' from her chest to her abdomen while the greys apparently performed some operation on her reproductive organs, after which the cut was sealed with a laser-like device and the original incision scar disappeared. Semen was also extracted from the man and, he believes, it was injected into the unconscious woman AND into the 'cow' which was on another table or platform.

On one occasion the husband saw a group of 'greyish' beings with 'faces' which he could not clearly distinguish. The grayish beings 'told' him that they were his 'ancestors', along with other confusing discourses about genetic 'pockets' and so on. He felt the creatures were not human and he had the distinct impression that they were manipulating and lying to him, and he TOLD them so.

Another strange experience involved a 'dream' wherein the husband saw a fairly attractive blond 'woman' seductively motioning him over. He went towards her and right when they were about to 'kiss' he 'saw' that beneath its disguise the being was actually some kind of 'warty' and 'slimy' creature (Could the creature have 'projected' this false image into his mind? Also, was it attempting to excite him so that it could extract semen for genetic experiments? Some male abductees have alleged that they are forced to copulate with 'something', often described as being partially or fully mechanical-like, or part humanoid-mechanical or of non-humanoid configuration... or participate in many other bizarre actions in order to extract semen fluid, no doubt to be used for further 'breeding' experiments. Some of these men claim that the experience was terrifying, abusive and gave them little if any pleasure. One man stated that after his experience he had much more sympathy for women who were forced to go through the ordeal of being raped).

Although MOST encounters with 'Nordics' or 'Blond' humans are clearly recognizable as being ongoing human-to-human encounters, a relative 'few' encounters betray the fact that non-human-often reptilian-'alien' beings are at least in some instances attempting to pass themselves off as 'Nordics'. When the 'husband' realized that the apparent 'blond girl' was actually something inhuman he became horrified and began to resist, at which point he was 'injected' with something. According to Dr. Turner, when he 'woke up' from the 'dream' (the husband alleged) the (injection) marks were visible and very real.

One of the most interesting experiences described by this couple however was a 'dream' that was remembered by both the wife and the husband, with a little help with regressive hypnosis to establish total recall. In connection with this episode, which occurred some time after the abductions by the greys began, the husband and wife had a 'shared' experience wherein they recalled being taken in a white pickup and a helicopter to an unknown destination. The memories of this part of the event were largely surrealistic as if he/they were in a drug-induced state (this was later confirmed).

The husband remembered being taken to a marshy or swampy area and then of 'falling' down a great distance through some kind of tube, and finally arriving in some sort of large underground cavern.

The air was musty until he/they were taken to one side of the cavern and past large manmade storage tanks, generators, etc., and after traversing this for some time they emerged into an installation where he saw doors, desks and other objects reminiscent of a 'military' base. Eventually he was taken into a 'saloon' like room. The air was 'filtered' and sanitized as opposed to the musty cavern. The 'bar' area seemed to be a 'holding area' where he saw several people standing or sitting around in a 'drugged' or catatonic zombie-like state.

The 'dreamlike' sensation began to give way to a lucid, rational mindset and the husband became aware of a military officer there who seemed to be very angry that he was coming out of the state of mind that they wanted him in, since he was beginning to see the area as 'solid' and 'real' instead of 'dreamlike'. He even began asking some of the dazed people there if anyone had a deck of cards. He had the impression that even though they were deep underground someone had gone to a lot of trouble making this 'holding area' look like an 1800's saloon, carefully planning every detail. He was later convinced that such an atmosphere was intended to reinforce the 'dreamlike', drug-induced state of consciousness.

He soon found himself being interrogated by what seemed to be a high-ranking Army official, possibly an Army Major. The officer persistently demanded information out of him concerning his knowledge of the grey aliens, what the aliens' plans were, what was done to them during their abductions, how he was personally involved in their 'plans' and so on, apparently aware of the fact that he/they had been abducted in the past. The husband refused to answer any questions, having become 'conscious' to what was going on and where he was, and this just made the Army Major(?), who he described as a very 'emotional' man, more upset.

The officer threatened him, saying that the military might take repercussions if he did not cooperate, but the husband sensed that his interrogator was bluffing and that they probably would not follow through with any of the threats.

Although they apparently landed near a marshy area before entering the underground base, the husband for some reason believed that they were actually deep inside a mountain.

He also had the impression that the others in 'the bar' or 'saloon'-some of whom he seemed to know and who were waiting to be 'interrogated'-had also been abducted with him on different occasions and the military was desperately trying to find out 'what they knew'.

Of course their methods of gaining 'intelligence' may have been rather unconventional, however it may be in keeping with the mind-set of a schizophrenic military-terrified at the potential threats that the Aliens and their (programmed?) abductees might pose to the United States establishment, yet at the same time being pressured to maintain a 'cover-up' wherein 'intelligence' had to be gained through unconventional methods such as that described above. However, IF the 'aliens' are using human beings as 'implanted' or 'tagged' pawns in an agenda of planned subversion against this human-dominated planet Earth, then one should not lay the blame entirely on the 'abductees' who happened to be in the wrong place at the wrong time. Instead they should be viewed more as the victims than the enemies.

The following are several abbreviated excerpts taken from 'THE OMEGA PROJECT', by Kenneth Ring, PH.D. (William Morrow & Co., N.Y. 1972). The following points were brought out in the book:

" Most abductions (possibly between 60%-80%? - Branton) are conducted by the 'greys' of traditional description.

" Many state that their experiences are often 'dreamlike' yet with evidence suggesting real events.

" The "greys" (and in some cases black creatures in 'capes' that act as 'guards' during the painful and terrifying 'medical operations') have a way of 'blurring' their faces in the minds of the abductees, so that the abductee cannot later recall what the alien 'faces' looked like.

" Many abductees experience sleeping problems (not to mention severe social-relational-sexual problems) after being abducted by the saurian greys, and these problems often last for years afterwards.

" Some abductees who resist are 'shocked' repeatedly with an 'electric gadget' which may induce paralysis and/or unconscious-ness.

" A majority of the 'greys' seem to be of the grey-white variety

[several of these possess scaly skin with a slight greenish 'tinge'], some with opaque 'black' eyes and some with snake-like or lizard-like vertically slit pupils.

" Some of the greys are described as 'sinister', and one abduct-ee stated that when she was taken 'one alien was by my head and attempted to frighten me with his large eyes,' as three other creatures mechanically performed painful operations, unheeding of her terrified cries to make them stop. She (Clair Chambers) stated that "In my many encounters where I have always been kidnapped from my home, the aliens have shown NO compassion. I have several times felt them exhibit FEAR when I have hit them as they do feel FEAR... their reaction behavior patterns do NOT indicate an intelligence as high as I would expect from their technology... these experiences have been dreadful, terrifying, and I would like them to stop!" (Note: Four separate doctors have confirmed wounds and injuries in Clair Chambers which she insists resulted from the abductions. Also, the perceived high technology as opposed to the lack of individual intellectual initiative may be explained by their "collective-consciousness" nature, or as some scientific 'insiders' have referred to it, these dual-brained creatures have a "simple and complex" mental makeup. It would seem that their technological abilities are a direct result of their ability to operate within a bee-hive or insect-like collective mind, and that the 'individual' members of this collective basically possess only the information necessary to carry out their particular assignments - Branton)

" Some 'greyish' aliens, with 3-digit fingers, have been described as being 7 ft. tall (Reptilioids or Reptons? - Branton). One woman who was abducted by them felt as if the creatures wanted her to have the IMPRESSION that they were 'friendly', but after being returned to her car from which she was abducted "I then broke to pieces as my whole body shook uncontrollably. I cried 'OH GOD, WHY ME?' I couldn't calm myself as I cried like a baby..."

" A woman with an M.S.W. [degree?] (who was at the time of this revelation 51 years old), stated:

"The first experience was when I was a child of about 5. For years I had a RECURRING 'dream' of standing beside a field WHEN A HOLE OPENS UP IN THE GROUND in front of me. The dream ends with me looking into the hole. I was just standing there looking at the hole. Under hypnosis I [recall that I] stepped into the hole and walked down a short tunnel. The tunnel widened into a small

waiting area where there was a bench just at the right height for a 5 year old. I sat down and waited. A tall black 'feature-less' being came through a doorway, walked to me and held out his hand. I took his hand and went back through the doorway with him. He placed me on a table that appeared to be about 3 to 4 feet high. He laid me on my back and took one big hand and held my upper body flat on the table. The other beings were behind him looking at instruments on the wall. I was held this way for several minutes. When the being turned to look at the other two, it was as if he lost CONTROL over me and I jerked out from under his hand, fell off the end of the table and ran for the door. When I got to the door, I knew I wasn't 'supposed' to go any further. I stopped and turned around. The being who had been holding me came to me, took hold of my left arm and looked into my eyes. I was looking at where the eyes should be on a HUMAN, BUT I don't REMEMBER actually SEEING eyes. I feel something was communicated, but I don't know what." (Note: This experience would have taken place around 1940, give or take a few years. Remember that this was years before the 'UFO' phenomena exploded into the public con-sciousness in 1947 with the Maurey Island episode, the Kenneth Arnold sighting and the Roswell incident. Also note the 'subterranean' connection. It appears as if abductions and implantations have been carried out since the early 1900's at least - Branton)

" The author states that some of the large opaque-black 'eyes' seen by many abductees, after being taken by the 'greys', seemed to have been 'coverings' for real 'eyes' which they felt might have been hidden inside or 'behind' what may have been artificial opaque-black visual coverings. This was, at least, the 'impression' that some abductees have had.

The following is a quote from Brad Steiger's 'THE UFO ABDUCTORS' (1988., Berkley Books., N.Y.):

"In 1969 I and my research associates... Loring G. Williams and Glenn McWane, were bombarded with the claims of dozens of contactees who said that they had had an implant left some-where in their skulls, usually just behind the left ear. These contactees/abductees came from a wide variety of occupations, cultural backgrounds, and age-groups.

"We employed private detectives and medical doctors... in an attempt to learn what archetype had been fed into their particular group consciousness. We never found any implants that were detectable to X rays, but our hypnotic sessions turned up an incredible amount of fascinating, albeit bizarre, information about underground UFO bases, hybrid aliens walking among us, and thousands of humans slowly turning into automatons because of readjusted brain wave patterns."

Note :

An "Intelligence Report" released by "Leading Edge Research" (Formerly Nevada Aerial Research) referred to an apparent "tug-of-war" over one particular abductee. Some cases seem to suggest that both 'Nordic' and 'Gray' aliens have been known to "fight over" certain abductees; the Grays usually abducting the individual in order to implant them and bring them under the control of the reptilian collective-consciousness, while the Nordics who are in many cases angry over the Grays' manipulations show up to help the abductees. The NAR article stated:

"One contactee that has been contacted by the blond/Nordic race was captured and examined (by the

greys) after it was dis-covered by them that the blue beam used to paralyze people failed to have an effect on him. The implant device that the Nordics put in evidently neutralized the paralysis beam. It was said that the Greys came in a football-shaped craft."

This is one more confirmation, among others, that actual conflict if not warfare exists between certain segments of the 'Nordic' Federation and the 'Gray' Empire.

In a letter to researcher B. Alan Walton., dated March 5, 1993, John Lear made the following statement:

"...I have friends at the Nevada Test Site who have mentioned that they have seen the Reptilians there. In what capacity they are acting I don't know. When I mentioned once to my friend at the test site something about the reptilians his comment was, 'Its truer than you can imagine.' He also indicated that they were very, very scary to see."

The "Alien Information Technology Research and Development" (or AI-TRAD) Group., Box 5125., Colorado Springs, CO 80931), claims to have gathered massive amounts of information on Subterranean bases, alien abductions, reptilians, and so on.

A representative of AI-TRAD claims to have been contacted by a 3-Star General who in confidence confessed to the government's cover-up of the UFO Phenomena. He was in fact approached by others in the Intelligence Community to assist in an "Awareness" program to help make alien contact palatable to the General Public, a program which was being initiated by a joint human-alien agenda. This 3-Star General however refused their overtures, concluding that not all aliens were benevolent and therefore it would be dangerous to instruct the masses to put their trust in alien forms such as the Grays when history has proven their malevolent nature.

The General, referred to by AI-TRAD only as "Bill", confirmed that thousands of children have been permanently abducted by aliens and have been used for various purposes which he considers horrifying, that proof of this was confirmed to an AI-TRAD member in the form of highly sensitive photographs of HUMAN CHILDREN REMAINS having been found in crashed disks (the AI-TRAD member was not allowed to possess or duplicate the photographs and documents the General showed him, since they were highly sensitive and they had to be returned to their source). The General stated that if word got out that the information had been leaked, it would be very likely that several people involved would be eliminated (Hold it!!! Were talking about little children being mutilated by the grays for God's sake. And the government would KILL those who are warning the public of this? What goes on here? Those who are making such policies of "elimination" might as well be reptilian infiltrators themselves who have positioned themselves in our government... hmmm, then again, maybe that's just what they are!? - Branton)

The information was obtained by the General from others in Intelligence who owed him old favors. He stated that if the cover-up which had been in effect since at least 1947 were to suddenly hit the news-stands, many officials now in the government would be forced by the people to leave office.

He stated that after he would not go along with the "Awareness" project which was designed to acclimate the masses into more or less accepting the GRAYS rather than rejecting them-which would lead to fear and panic (something which the secret government did not want to take place), the others who were involved in the project shut him out and even interfered with his attempts to acquire further documentation. Apparently they were of the mind-set that the masses would react negatively to the fact that the government was NO LONGER IN CONTROL of many aspects of human life which the aliens had INFILTRATED. This sudden realization could lead to anarchy and an overthrow of the government, whether out of fear and panic or whether out of a mistrust of a government which had broken the Constitution and kept the truth from the people who had the right to know what was going on. Apparently these people felt that it would be better to sell out to, and make certain concessions with the aliens if it meant that these government officials could remain in power, and undoubtedly their financial interests were at stake, being that the U.S. Government was the employer of those who initiated the "Awareness" Project.

Some of the reasons the General could not in good conscience go along with the acclimation plans included his knowledge that the aliens have been manipulating our culture and human awareness for decades if not centuries, infiltrating our society, have tampered with our food, and even CREATED DISEASES to study on us (It is interesting that 'Commander X' has related an incident-in one of his books published by Timothy Green Beckley's ABELARD Press-of a man who was a member of a highly occultic masonic-like lodge, who warned of a possible connection between the Grays; secret

Masonic-Witchcraft organizations; Ft. Detrick, Maryland; and the AIDS virus. Apparently this man had decided not to follow along with the 'agenda', and so ended up in a prison cell on trumped-up charges, possibly so that he could be kept out of the way of and not interfere with those within the lodges that still held to the 'agenda' - Branton)

Researcher Paul Bennewitz sent out a letter on June 6, 1988 describing 'PROJECT BETA', which referred to the alien base in New Mexico consisting of type 'Grey' aliens. NASA CIR film had allegedly aided in locating this base and revealing US Military involvement with the 'Greys'. Another group called the 'Orange' is said to be based below the west slope of Mt. Archuleta near 'the Diamond'. Some suggest that the 'Orange' are a so-called 'hybrid' race with PARTIAL reptilian-like and even androidal features yet possessing human-like reproductive organs. It is possible that they consist of hybrids and re-breds being that some or most of them may possess a human soul-matrix and therefore may be 'human'. The 'Orange' have also been described as being involved in the scenarios taking place in the tunnels below the Nevada Military Complex as well.

There is a disturbing although very real possibility that many have lost their lives because they knew too much about the "draconian" activities taking place beneath the surface of this planet (and beyond). One contact of ours has informed us that a good friend of hers in Las Vegas, Nevada, had uncovered some very disturbing facts and testimonies concerning construction workers and others who had been involved in the installation of certain equipment within the tunnels beneath the Nevada Military Complex, etc., many of whom later died under bizarre circumstances. This informant, Stacy Borland, was later found dead- along with a brother of hers-in Las Vegas. Someone had apparently entered her place and murdered them in cold blood. We smell a rat in this case (or, should we say A SNAKE?), and in fact our contact is convinced that it was the work of an assassin, and that she was killed because she knew too much.

Since these reptilian or reptilian-controlled powers of evil thrive in the darkness, then the method needed to defeat them, to destroy them and to eventually conquer them (the saurians or the serpent races, that is) would be to shine the 'light' of truth against these lairs of evil, focus that 'light' like a laser beam, and tear apart the very 'darkness' within which-like filthy sewers-these ancient powers thrive. And, possibly most important of all, by God's grace we must make an effort to set out to ally ourselves with those human societies hidden beyond or below the surface of this world, for they are our ancient human cousins, many of whom have fought and battled this infernal race since ancient times. As the old saying goes: "Together we stand, divided we fall..."

Below are some actual quotes from prominent sources that the reader may consider...:

"In our obsession with antagonisms of the moment, we often forget how much unites all the members of humanity. Perhaps we need some outside, universal threat to make us realize this common bond. I occasionally think how quickly our differences would vanish if we were facing an alien threat from outside this world. And yet, I ask you, IS NOT AN ALIEN FORCE ALREADY AMONG US?"

## Alien Cloning

Human scientists are involved with longevity studies using adrenalyn. They have developed altered adrenyn, and drugs called cordrazine, cortropinex, formazine, and hyronalix. All of them have an adrenalyn base. The only way to get the large quantities of adrenalyn is to get them from cattle. Some of the substances they develop affect psychic development. Other drugs have physical restoration properties. Aliens use cattle for the biological materials as well. They use the materials in their breeding program and for the construction of cloned individuals.

Aliens also come here on planet Earth to perform genetic tests to try and understand why we are so similar to them (two arms, two legs, two eyes, and so forth), and to figure out how better bodies can be produced in order to survive on other planets. They are also interested in having bodies that allow them to enjoy sex and to operate more efficiently.

When you break us down into chromosomes we begin to see within the first chromosome we see no difference, in fact, even the ACF7 (actin-crosslinking protein) is intact.

It is not until we move on to the second chromosome that we begin to notice a difference in our genetic make-up. First of all, they have no AHHR (aryl hydrocarbon hydroxylase regulator) gene nor the AOX1 (aldehyde oxidase 1) gene.

While they do have the AUP1 (ancient ubiquitous protein1), located within us at 2p13-2p13, and the PI7 (protein inhibitor) gene, they are slightly modified.

The RPS7 (ribosomal protein S7) is there but it is almost unrecognizable at first glance because it is so different.

There are many differences within our genes and this data hopefully gives you as a little background information that helps explain why we are yet so similar to the ALIENS.

The following data shows some alien cloning process. If you are at home with genetic engineering, it will speak for itself :

Human cloning was developed at the University of Utah at Salt Lake City in 1977. They first aired this on TV as part of a series. They had an alleged human clone on TV that they were interviewing. It didn't talk very well. They showed the original human and the clone. The clone was not all that successful. It took 14 months to generate a fully adult human clone in a tank. It was a two part series. The second part of the series never aired, for obvious reasons.

CIA sources have confirmed that it started at the University of Utah. The government has a facility for clones. The first one was built in the Mount Hood area, about sixty miles east of Portland, Oregon. They have other facilities in other locations. Locations must have stable geomagnetic fields and other special characteristics or the cloning process does not work properly. They can replicate them faster now. They have clones of all the major government figures. This is partly for security reasons. it also creates the situation that when someone falls out of favor, they clone the person and kill the original. This kind of thing apparently happens with some frequency.

## Alien Predator in Cambodia

Peter A. Bostrom, in his article 'A DEADLY CLOSE ENCOUNTER IN CAMBODIA' (which appeared in the No. 1, 1993 issue of 'UNSOLVED UFO SIGHTINGS' magazine., Charlotte Magazine Corp., 1700 Broadway, New York, NY 10019), refers to the officer of a Special Forces team who was 'interrogated' by a representative of "MJ Majestic 12" after stumbling upon a landed UFO in a clearing in the jungles of Cambodia.

From what this officer and others 'recalled', there were a couple dozen grayish nonhuman like alien beings near the craft, and in the excitement of the moment there was a short exchange of fire in which (supposedly) no one was killed. This is according to the 'recollection' of this particular officer. The beings then left the scene, and that was presumably the end of the incident.

This Special Forces officer, known only as 'Joe', described one method of information extraction (and memory suppression?) that was used. This officer ('Joe') headed up a special forces team based in Thailand near the border of Cambodia, and was at the time of the incident September of 1971 on a top secret search and destroy mission against the Communist dictator Pol Pot's Khmer Rouge forces south of Angkor Wat, who were in the process of committing mass genocide against the largely nonCommunist indigenous population (several hundred thousand, if not over a million, Cambodians have been slaughtered by the this Hitlerlike dictator since the Khmer Rouge came to power).

There were, however, certain indications suggesting that there was much more to the incident than the surviving soldiers were allowed to remember. If not for the fact that the incident in one form or another was reported to have actually occurred, the following account might be mistaken for a scene right out of the movie PREDATOR. If what 'Joe' and others are saying is true, then there is a possibility that the actual incident may have been much more intense than the events portrayed in the motion picture. 'Joe' tells Bostrom what happened when they returned from their 'mission':

"...We hadn't been back more than an hour. We usually took a shower, got cleaned up and got a little rest before we were debriefed because that could sometimes take many hours. It was very interesting. They even sequestered us in our quarters. We were told not to have any outside activities at all and meals would be brought to us. We were not to talk to any unauthorized personnel which meant them or someone directly with authorization from the provost marshals office. Then we spent the next 3 to 3 ½ weeks talking to various people, some of which I don't know who in the heck they were. Several were psychologists. It was very obvious by the kind of questions we were being asked and they started dragging out the ink blots. If your familiar with the military when they generally bring in the ink blots and try to make it sound like something of a sexual nature they leave you alone. They figure this guys healthy, this guys fine and get out of my office you are alright. We went on with this for two or 2 ½ weeks then they started using NARCOHYPNOSIS...

"Essentially they sit you in a chair. Make sure your nice and comfy. Hook up the sphygmomanometer, blood pressure tape, and get you highly relaxed using soothing music sometimes, and give you an injection of a basically, what is called a hypnotic drug. There were drugs like Seconal, Scopolamine the type that have a tendency to reducing what they call psychic resistance. You get your body relaxed as possible and you loose your will. They actually hypnotize you at that point. It's a combination of drugs and hypnosis. It's my understanding we were trained in our training to go through tortures and things like that. There wasn't one of us that couldn't pass a polygraph test and lie about his age, the color of his mother and the color of the sky (polygraphs are slowly becoming obsolete, by the way, as voice stress analyzer machines which have approximately 98% accuracy far more than polygraph machines themselves are becoming more popular. Since it is alleged that these new machines can pick up

subconscious lies, for instance a programmed 'lie' implanted by aliens that an abduction did not take place, etc., then it would be interesting to see how these might be used in uncovering hidden memories of alien encounters and other repressed recollections Branton).

"They had us as well covered as they could in case we were captured we knew how to respond. The only thing I can say that occurred during that time was that IN ONE WAY OR ANOTHER THEY ALTERED OUR MEMORIES. Now, I do not know whether they... we saw SOMETHING ELSE... or they gave us a different memory and that's what we ended up with or what we saw was MUCH WORSE than occurred and I toned it down. I DO KNOW THAT EVERY ONE OF US STILL HAVE OCCASIONAL NIGHTMARES ABOUT IT AND WE GET FLASHES OF THINGS THAT ARE JUST AN INCREDIBLE BLOODBATH (Note: One separate source, a researcher, confided to one of the 'tabloids' that he had anonymously interviewed some military men who were involved in a 'confrontation' or in actuality an all-out firefight between U.S. forces and wiry built 'Grays' in the jungles of Southeast Asia. According to what he was told, SEVERAL HUNDRED American soldiers were killed in that bloodbath the same one mentioned above? along with a little under a dozen of the aliens themselves. All of the dead were reportedly buried in a mass grave and the lid was shut tight over the whole situation Branton).

"George was reassigned from our unit after we had all cleared through medical and psychological. I was called into the captain's office, approximately what would have been 6 or 8 weeks after the incident to identify a body they told me was George. Now I'd seen the man on the base a few days before. The body they showed was far, far decomposed. Even in the jungle where you have rapid decomposition... I couldn't positively identify it as George. THE FLESH WAS ALL LIQUIFIED... The only thing I can say is his tissue had seemed to suffer from some kind of extreme disruption like every cell wall had been broken (STAR TREK fans will be familiar with the theoretical physics depicted in the series. Much of the technical advice for the series actually originates from NASA consultants, including depictions of a MOLECULAR DISRUPTOR BEAM Branton). Like you see with a cold sore. It's called lisodumine when the cells rupture and the virus comes out or some kind of bacteriological agent in it that effected it. I don't think it was the latter...

"The people we were dealing with (he actually mentioned the organization they worked for as being "MJ12" Branton) were very, very careful about COVERING all avenues. They never left a thread hanging and I don't know I lost track of it at that point. As far as I knew he was dead. Why, I was called in to identify the body and sign the papers. The only way I could identify him was his dog tags. The usual thing was that during combat, because of the nature of our unit, dog tags were retrieved by a ranking officer and returned to you when you returned to base. We carried what was called a get out of jail free card. It was a cardboard card with two sides and department logo on one side to say the individual was allowed to be carrying strange and unusual weapons, may or may not be in uniform and not to be detained for any reason whatsoever. If this card is found on a body it is to be burned with the body and reported to a telephone number state side and a group to contact..."

When Bostrom asked if that was all 'Joe' could remember of the incident, the Special Forces officer said:

"Well that's the problem... If we really sit down and try to pressure us through it, you get confused. I talked to a couple of fellows that were involved in it and they have the same kind of problem. Slowly but surely, things emerge and over the years more and more has come up. It was years before I ever had a desire at all to talk about it. Not because the 'FIRM' told us not to or that they were going to place it under the National Security end, but because I absolutely had no desire whatsoever to talk about it."

In reference to his recollections of the 'Grays', 'Joe' states:

"...Their gait was very smooth, almost unerring and they covered a lot of ground in a little bit of time. But the main problem is like I said, if we sit down and try to really go through the details and think hard about it I end up almost with an anxiety attack. Whatever it was that they did to bury those things is pretty permanent. Over the years, I still occasionally have NIGHTMARES about it, I wake up in a cold sweat and I'd remember for awhile. It's frustrating. I find myself angry because I don't know what the heck they did to us."

When Bostrom asked: "Do you know one or two of the people and can you get a hold of them today?" Joe responded:

"Yes, there's five or six I could get a hold of. Most of them just refuse to talk about it at all. Two of them I know still work for the 'firm'. They are active so they're not going to talk about it. Bill suffers from delayed stress syndrome and when he came home he was never the same... I still have some friends with the 'firm'. I did some work for them after I was discharged from the service. One of them called me on a very friendly basis just as a friend."

When Bostrom asked: "What is the 'firm'?" 'Joe' replied:

"When you hear people involved in security; I'll let you in on a little secret here. They never call a certain agency of the government the company. They like to call it it's referred to as the 'firm'. Again, what we were with was literally a front for that agencies' military part which we were not supposed to have one of. It had one (possibly referring to the CIA, which has been referred to as 'the Company' by some Branton). Recently there have been little leaks about that. I did find out that a few weeks after we had our incident THERE WERE AT LEAST TWO MORE... Other than that, one of the most interesting things about this our memories were NEVER exactly the same. Whatever they did, it altered our memories affected it with great performance, but there is no such thing as a total block."

(Note: This could indicate that hypnotic 'suggestions' concerning what happened were fed into the minds of the survivors, and that each man 'interpreted' the suggestions according to his own visual imagery, and therefore these images produced by their subconscious minds may not have lined up perfectly with each other in that each had their own 'visualized' coverstory interpretation of the event Branton)

Peter Bostrom adds the following:

"I...use the name Joe in place of this gentleman's real name. I spoke with Joe off and on for several weeks. When he spoke about this encounter he never changed his story and I believe he wants to give the true account as he himself believed it happened. As my conversations continued with Joe he said he had been contacted by an officer friend still on active duty to relay a message that he could freely speak about the subject of his encounter with the extraterrestrials in Cambodia and anything else concerning the subject 'SINCE THIS INFORMATION WILL BE MADE PUBLIC IN THE NEAR FUTURE ANYWAY,' but he was not to specifically indicate the true reason why he was in Cambodia."

This 'other officer' also talked about the UFO subject in general, making statements to the effect that the Roswell crash really happened and also described precise methods of how people are taken to see the alien vehicles and bodies using high security procedures (in regards to transporting these people

who need to go there for various reasons).

"He also talked about two different alien beings. One name he used was the 'GRAYS' and the other was the 'NORDICS'."

In early 1995 one source has confirmed to us the reality of the so-called "Predator Incident" in Southeast Asia. This source is an active CIA agent (there ARE still patriots in the CIA who favor the U.S. Constitution over a fascist "New World Order"), who has had confused memories of this event as well as memories of being involved in the Montauk spacetime window "missions". However the Mind Control performed on him has prevented "total recall" of these incidents. He did state that over 200 elite special forces were killed during one of the three "Predator" incidents, and it ended with the withdrawal of the alien forces...

## Aliens in Africa

### Did Ancient Astronauts Give Cosmic Knowledge To Primitive Africans?

The Dogon are an ancient people of Mali in Northwestern Africa. Presumed by anthropologists to be root African humans, they inhabit an almost inaccessible, inhospitable desert south of Timbuktu and south of the Niger River on the southern edge of the Sahara Desert.

Because there are no paved roads, no electricity, no surface water and little contact with the outside world, the Dogon Territories in the Hombori Mountains have been called the "end of the earth." Indeed, the word Timbuktu\_in the 16th century a thriving metropolis of a million Muslims and now reduced to a crumbling village of only 10,000\_is synonymous with barren desolation at the end of nowhere.

Anthropological studies by the French in the 1930s and more recently by British anthropologist Robert Temple, have revealed a stunningly complex and sophisticated Dogon society.

But what has amazed and mystified researchers most is the fact that the Dogon have a quite unusual and extensive knowledge of the star system Sirius.

For centuries the Dogon have held as their most sacred religious tradition a body of knowledge of the star Sirius which should be impossible for any primitive tribe to know.

They consider, for example, that the most important star in the sky is Sirius B, a small star that orbits the bright star Sirius. But Sirius B is invisible to the unaided eye and was only photographed via telescope for the first time in 1970.

Their ancient drawings show the Helical rising of Sirius with the Sun and Sirius joined together. They show the rings of Saturn and the four major moons of Jupiter as well as the elliptical orbit of the invisible star Sirius B around Sirius and relate that, not only is it a dense and heavy star, which it is now known to be\_far more dense than earth\_but correctly note that the elliptical orbit is completed once every 50 years, an event they celebrate at exactly the proper moment, even if only once or twice in a person's entire lifetime!

Robert Temple suggests that the only access a primitive African people could have had to such sophisticated knowledge of a distant and invisible star system would be through the visit to our planet in ancient times of extraterrestrial beings who somehow described and explained from whence they had come.

To add to the mystery are strange cliff dwellings that were carved into the Hombori mountains above the Dogon villages many centuries ago.

But the rooms are far too small for normal size humans to live in. Dogon legend has it that these dwellings were inhabited by a long-vanished people they call "the little blue men."

Was it from them that the Dogon received their remarkable knowledge of the cosmos?

## Aliens Underground

"Commander X", a self-alleged member of a government intelligence network called "THE COMMITTEE OF 12", who are devoted to defending the Earth and preserving our constitutional freedoms, mentioned the following details that he and other associates of his had uncovered:

"...The underground...base outside of Dulce, New Mexico, is perhaps the one MOST FREQUENTLY referred to. Its existence is most widely known, including several UFO abductees who have apparently been taken there for examination and then either managed to escape or were freed just in the nick of time by friendly... forces.

"According to UFO conspiracy buff and ex-Naval Intelligence

Officer Milton (William) Cooper, '...a confrontation broke out

between the human scientists and the Aliens at the Dulce underground lab. The Aliens took many of our scientists hostage.

Delta Forces were sent in to free them but they were no match for the Alien weapons. Sixty-six people were killed during this action. As a result we withdrew from all joint projects for at least two years...'

"CENTURIES AGO, SURFACE PEOPLE (some say the ILLUMINATI) entered into a pact with an 'Alien nation' HIDDEN WITHIN THE EARTH." Commander X alleges. "The U.S. Government, in 1933 agreed to trade animals in exchange for high-tech knowledge, and to allow them to use (undisturbed) UNDERGROUND BASES, in the Western U.S.A. A special group was formed to deal with the 'Alien' beings. In the 1940's 'Alien Life Forms' (ALF) began shifting their focus of operations, FROM CENTRAL AND SOUTH AMERICA, TO THE U.S.A. "The CONTINENTAL DIVIDE is vital to these 'entities.' Part of this has to do with magnetics (substrata rock) and high energy states (plasma)... This area has a very high concentration of lightning activity; underground waterways and cavern systems; fields of atmospheric ions; etc..."

The following are several questions that were directed to former Dulce Base Security officer Thomas Edwin Castello approximately a year before his death. They are followed by his responses:

"QUESTION - When exactly was the (upper human-occupied level of the) Archuleta installation constructed?

"ANSWER - I heard Dulce was started in 1937-38 by the Army engineers, enlarged over the years, most recent work was completed 1965-66 to connect tunnels to Page, Az. (Note: This is referring here to the upper levels, not the extreme lower levels which include vast natural caverns and, some believe, very ancient tunnels as well. This would include the tunnels illuminated by phosphorus pentoxide which the alien grays avoid, and the origin of which none of the humans involved with the upper base seem to be aware of - Branton)

"Q-By what means was the (upper) installations constructed? Are you familiar with the alleged developments made by the Rand Corporation of a highly-efficient bore-mole machine capable of melting rock using wolfram-graphite 'drill-cones'?

"A-Part of it was blasted by nuclear device, part of it by a machine that melts rock and leaves the surface smooth.

"Q-By WHOM was the Dulce installation (upper levels) originally constructed?

"A-Through RAND corp.

"Q-What exactly are the cattle (and human) organs such as

blood, colons, eyes, reproductive organs, tongues, etc. used for-i.e. the organs obtained via cattle and human mutilations?

"A-Read the so-called Dulce papers.

"Q-Are the various electromagnetically-controlled air or

spacecraft [that have been seen] leaving from and arriving at Mt.

Archuleta manned by humans, the 'alien entities', or both?

"A-Archuleta Mesa is a minor area... the craft leave (and is stored) in five areas. One is SE of Dulce, one near Durango Co., one at Taos, N. M., and the main fleet is stored at Los Alamos (under). (Note: We suppose Thomas Castello is referring to the 'joint' fleet. From combined sources however it appears as if Dulce is absolutely SURROUNDED on all sides by 'alien' bases inhabited by reptilian-sauroid and 'controlled' humans, and that Archuleta peak-although possibly the most notorious sector of this alien facility-is itself just one part of the overall base that some claim is nearly the size of Manhattan! One source claims that there are chambers a few hundred feet below the very town of Dulce itself. This close proximity may explain why it has usually been described as the 'Dulce Base'. Apparently even with his high-security clearance Thomas Castello was only familiar with one part of the overall mega-complex which underlies the area. Whatever amount of activity is taking place there, all sources seem to indicate that the town of Dulce is nevertheless a major crossroads, convergence or 'intersection' area and even though other bases exist beneath Los Alamos, etc., Dulce seems to be a major 'through' point of extraterrestrial and subterranean saurian activity, as well as a central 'infiltration' zone for 'chameleoid' mercenaries, and a major convergence of sub-shuttle terminals, UFO ports, and so on - Branton)

"Q-Some have suggested that the entities (or so-called EBE's) are not 'extraterrestrial' in (original) ORIGIN, but use their off-planet bases as a smokescreen designed to hide their true nature and origin, that their actual origin-place is a subterranean nether region beneath the surface of this planet, and that they are actually descended from a hominoid reptilian creature or 'serpent race' which is hinted at in the third chapter of the book of Genesis, and which is [also] referred to as the 'Nagas' by both Hindus of India and Buddhists of Tibet. [They are] creatures which allegedly control the spiritual and physical leaders of this and other nations through supernatural manipulation. Does such a possibility/ scenario fit in with your own observations at the Dulce facility?

"A ## (Although this may have been a somewhat 'leading' question, his answer was) Yes.

"Q-Some have suggested that the so-called underground 'E.T.' bases and tunnels may for a large part be thousands of years old, and constructed by an antediluvian race which reached a considerable level

of scientific complexity, and who were destroyed by a Divinely-initiated cataclysm which took place after they attempted to merge their science with occult forces. Do your observations tend to confirm or refute such a possibility?

"A-I'm not sure about the Divine part, but these 'aliens' consider themselves 'NATIVE TERRANS.'

"Q-Are there other sites tied into the 'shuttle network' other than those which you mentioned, and if so, where?

"A-WHERE!?! EVERYWHERE! THEY CRISS CROSS THE  
WORLD AS AN ENDLESS SUBTERRANEAN HIGHWAY. LIKE A  
FREEWAY, EXCEPT THIS ONE IS UNDERGROUND.

"Q-Are there any 'bases' in the state of Utah? (Note: Thomas mentioned in earlier writings several sites in the four-corners states of New Mexico, Arizona and Colorado where there are 'connections', but little on Utah) Have you heard anything about an alleged underground installation within the Wasatch Mountains [on the western flank of the Rocky Mountain range]...?

"A-Salt Lake, Lake Powell Area, Dark Canyon, Dougway Grounds, Modena, Vernal. All have exits there. Others too.

"Q-Does the Mt. Archuleta 'shuttle system' connect with a shuttle system which allegedly radiates from Mt. Shasta in northern California?

"A-Yes.

"Q-Did you notice any involvement of high-level Freemasons

or Rosicrucians or Jesuits with the underground installation and/or underground creatures? (This based on the assumption made by some researchers that many of the Masonic lodges are ultimately controlled by 'illuminized' 33rd degree Scottish Rite Masonry, a 'Rite' which can allegedly be traced back to the JESUIT college at Clermont in Paris, a 'lodge' which is also tied-in with the Knights of Malta and possibly subterranean beings):

"A - Yes. (Note: Salvador Freixedo, author of 'VISIONARIES, MYSTICS & CONTACTEES'-Arcturus Book Service-"was a Jesuit for 30 years until, that is, he began to discover that the [Roman] Church not only knew A LOT about unexplained pheno-mena, but that it USED phenomena as a basis for exercising its stranglehold on the minds and spirits of 700,000,000 'faithful'". Pope Leo XIII stated in 'THE GREAT ENCYCLICAL LETTERS', p.

304: "We hold upon this earth THE PLACE OF GOD ALMIGHTY." Theologian David Hunt believes that regardless of the possible sincere intentions of most Roman church goers, the original Popes were actually members of a continuous succession known as the secret 'Pontifous Maximus' order, or a succession of 'Grand Pontiffs' of the ancient Babylonian Mystery Religion which sought to wrest power out of the hands of God and rule over humanity themselves. Hunt alleges that Constantine, the LAST recognized 'Emperor' of the Roman Empire and FIRST recognized 'Pontiff' of the so-called 'Holy' Roman Empire, only feigned conversion to Christianity when it was evident that the Empire was crumbling politically. He replaced the empirical robes for 'religious' ones when he realized the 'Empire'

could benefit from manipulating the spiritual-religious feeling of the masses. Former 33rd degree Mason Jim Shaw in his 'tract' A PONTIFF FREEMASON-Box 884., Silver Springs, FL 32688 ## named over a dozen high-ranking Vatican officials who were also high-ranking Masons, including at least one Pope! This in the face of the Vatican's OUTWARD past condemnation of Masonry. Also Burke McCarty in his book 'THE SUPPRESSED TRUTH ABOUT THE ASSASSINATION OF ABRAHAM LINCOLN' states that John Wilkes Booth was a member of the neo-masonic 'Knights of the Golden Circle', which was a branch of the Jesuit lodge as was the 'Carbonari' which incited the French revolution. Lincoln it seemed, as was confirmed by Charles Chiniquy in his 'THIRTY YEARS IN THE CHURCH OF ROME', had resisted the so-called 'divine right' claims of Rome over the earth, including America. He paid for this with his life. McCarty also alleged that the Civil War was inflamed by Golden Circle agents on both sides to weaken the nation so that the 'Roman' empire could more easily take control. He also indicated how presidents William Harrison, Zachary Taylor and James Buchanan, who publicly stated their opposition to the imperial Jesuits, were also targets of assassination through poisoning by arsenic. Harrison's whole family died soon after he himself was assassinated by poison, and when James Buchanan was poisoned in 1857 he-realizing what had happened-was able to instruct his physicians on how to save his life. Unfortunately, 38 of the northern cabinet, members, etc. who dined with him on Washing-ton's birthday died from the poisoning. This is HISTORY, although not the "kind" of history one is likely to find in the establishment history books. McCarty and others accused the Golden Circle 'Masons' and the Jesuits. Apparently, as is suggested in Revelation 13 & 17, there is a secret element working in Rome that is tied-in with the serpent race as is indicated by the reference to the 'dragon' in those passages. But we should remember that those 'in the know' are a relatively small minority compared to the rest of the controlled masses who cannot be blamed for being victims of mental and spiritual manipulation. The British economist Dr. John Coleman-Box 507., Chalmette, LA 70044 ## also speaks of the extreme threat that America and other freedom-loving countries face from the 'virulent' influence of 'Jesuit-Freemasonry' or the Scottish Rite-Illuminati. Although Coleman has been influenced somewhat by anti-semitic 'white supremacist' elements of the 'conspiracy research' community, much of his information on Jesuit-Masonry is nevertheless very useful and well documented - Branton)

"Q ## [continuing with the questions to Thomas Castello] Is there any truth to the allegations that the CIA/'Aliens' have established 'bases' on the moon and/or mars?

"A-I heard that too, but I haven't seen proof with my own eyes.

"Q-Have you heard any hints or rumors suggesting that there

may be lower levels beneath ULTRA-7, and also, where these might lead to and what they might consist of?

"A-YES. Your guess is as good as mine.

"Q-There is evidence that the U.S. government has developed

it's own disk-craft based largely upon secret experiments carried out by the Nazi-German scientists during World War II. Have you heard anything referring to this?

"A-When I was working in Photo-security, heard a lot of talk, never saw the proof, but once in the Air Force I developed a roll of film that showed a craft LIKE ADAMSKI'S WITH A SWASTIKA ON THE SIDE. (Note: A letter from 'R.J.M.' of Pennsylvania dated 1-31-91 stated: "...I have a lot of UFO videos. I also have 'THE SECRET LAND' [1947]. It shows Bunger's Oasis and says they discovered

warm land at the South Pole. One German author claims the Nazi's had a photo-finish FIGHT with Byrd. At the end of the movie, it says: 'Byrd's Intrepid 4,000 met and defeated ANTARCTICA'S TOUGHEST BATTALIONS.' I don't think they were talking about the weather..." Another source stated that there were loses on BOTH sides. Question: Why would Hitler and Eva Braun commit suicide and have their bodies cremated after Hitler had spent so much energy executing over 5000 Nazi leaders whom he suspected were behind his assassination attempt at the 'Wolf' bunker, especially if he had a way out via a south Polar disk base? The March 18, 1994 issue of THE PLAIN DEALER [Cleveland, Ohio] carried an AP story titled "DOCTORS FIND BURNT BODY COULD NOT BE HITLER'S". Excerpts include:

"...French forensic experts say the charred corpse said to be Hitler's is not his body... experts FALSIFIED verification reports ordered by Josef Stalin to appease the Soviet dictator.... the body is actually that of an unknown German male. [The forensic experts] spent more than two years analyzing the autopsy reports prepared by Soviet coroners in the days following...the surrender of the Third Reich in 1945... the body [said to be Hitler's] had an extra tooth and only one testicle... no German doctor who had examined Hitler before his death ever mentioned either anomaly." - Branton)

"Q ## (Any other comments which you might want to submit):

"A ## (regarding the question about Mt. Shasta) Mt. Shasta is a major site of Alien - Elder Race - Reptilian Race - Human meetings.

"Beginning Cleveland, Grover every president in U.S. history have visited Telos City.

"Truman was supposed to have visited the Lower Realms as a High Archon on Earth. He was supposed to have met the King of The World there, and gave him the 'Keys to the U.S.A.'

"Truman received assurance to new high tech knowledge, and victory over all enemies on Earth. He then was introduced to Samaza and Khoach, aliens from Bootes and Tiphon (Draco), both reptilian 'kings' or Embassadors.

"Truman updated the '100 Treaty' (that began IN 1933, Roosevelt) and requested magnetic advance, space knowledge and experiments. Khoach agreed, Samaza partially agreed. He exchanged hostages for genetic experiments and magnetic advance, but vetoed space and beam weaponry."

## Aryan UFO base-211 Antarctic

### Aryan UFOs and Antarctic Bases

Germans were very close to solving the mystery

Much has been said about the UFO developments of the Third Reich; however, some important questions still remain. Were the Germans actually successful with these developments or not? According to some sources, an UFO crashed near the city of Freiburg in 1936.

The UFO was found, and it's likely that German scientists with the assistance of Schutzstaffel (SS) managed to repair and even test the UFO's energy system and propulsion systems.

However, all attempts to reproduce the alien technology failed. That is why there was only one variant of the flying apparatus. Representatives of three occult societies, Tule, Vrill, and Ahnenerbe, ran those projects.

For five years, the Germans carried out work for the creation of a secret project code-named Base-211. This has been determined by several independent experts. By the end of WWII, the Germans already had nine scientific enterprises where flying disk projects were tested. Many scientists are positive that at least one of these Third Reich enterprises was transferred to the Antarctic.

Famous researchers of the Third Reich's Antarctic mysteries, R. Vesko, V. Terziysky, and D. Childress, claim that from 1942, thousands of concentration camp prisoners, prominent scientists, pilots, politicians with their families, and members of the Hitlerjugend were taken to the South Pole via submarine. Some scientists believe that a German base still remains in the Antarctic. Moreover, it is even said that there is an underground Aryan city called New Berlin, which has a population of two million people.

It is claimed that population of this city researches genetic engineering and space technology. UFOs have been witnessed several times near the South Pole, which is an indirect confirmation of the base's existence there. In 1976, with the help of the latest technology, the Japanese managed to detect nineteen round objects at the same time; the objects dived from space to the Antarctic and disappeared from the radar screens.

In 1927, an expedition of the famous English archeologist Albert Mitchell-Hedges discovered crystal skulls in Central America. The clearing of the ancient Mayan city in the tropical jungles of the Yucatan peninsula (it's today's Belize) in 1924 preceded the discovery.

It was decided to burn down thirty three hectares of forests that covered the ancient buildings. When the smoke finally lifted, the expedition saw an unbelievable scene: stone ruins of a pyramid, of the city walls, and an enormous amphitheater that could hold up to several thousands spectators. During the excavation of the ruins, Mitchell-Hedges discovered the crystal skulls. His find became the most mysterious discovery of the 20th century.

The skulls were brought to a Brazilian museum. In 1943, after an attempt to liberate the skulls, German Ahnenerbe agents were detained. During their interrogation, the agents confessed that they had been sent to South America with the special task of finding the crystal skulls of the Goddess of Death. Several more groups were sent there with the same task. Although the majority of them were detained, it is not ruled out some of the agents were successful.

The seizing of the rare discoveries was directed by Karl Maria Willigut, a black magician with a large influence on high-ranking Nazi officials. He evinced particular interest in the magic methods used by the Atlantis pagan priests. The nazis hoped that those knowledge of the progenitrix of the Aryan race would help them create the superman.

Today, some investigators suggest that the discovered crystal skulls were made in Atlantis and were saved by a miracle. If this is so, then it is clear why SS was so interested in the skulls.

## Crashed UFOs 1947 Roswell, Sovjet Union and Tibet

Roswell 1947 was not the only UFO event on Earth. About the same time in the Sovjet Union Soviet military encountered many UFOs, maybe for this reason in the end of the 60s a secret laboratory of researching "flying objects" was created in the USSR.

UFO researchers often blame the military of hiding the cases of alien rockets and disseminating false information of UFO. Army officers are not interested in the disputes about alien civilizations, they are interested in knowing what impact UFO can impose to military equipment and personnel. 1947. Antiaircraft guns of Transcaucasian Military District fired on the flying cigar-shaped object which came from the side of the Turkish border. The object's flying altitude was below 4,000 meters, and the guns were capable of reaching a target at the altitudes up to 12,000 meters, but that time the fire made no harm to the "cigar". Then the cigar increased its speed and flew away over the mountains.

This incident could cause much trouble, because earlier the border guards and military ships monitoring service missed this target. Then the military was unable to trace this flying object over the country's territory. The Border District command ignored and ordered the monitors not to disclose the information that the object reached a speed up to 2000 kilometers per hour.

Similar case took place in 1984 in Turkestan Military District. Near the city of Astrakhan air-defense system marked the ball-shaped object flying at the altitude of 2000 meters along the Caspian seashore in the direction of the state border. The object did not respond to the inquiry made by the military on the radio. Two fighter-planes took off, but they were unable to bring the object down. After being under fire, the object descended up to 100 meters, and at this low altitude the planes were unable to continue firing. Despite being fired at, the object was having a regular speed. The ball passed over several military units, which allowed to make its photo. Near the city of Krasnoyarsk the military tried to bring the object down with the helicopter. However, it quickly increased its altitude so that the helicopter could not reach it. After firing all its supply of shells, the helicopter landed, and the ball abruptly flew in the direction of the sea and disappeared from the radar screens.

In 1985 near the town of Krasnovodsk the radar station under the command of Captain Valuev registered the disc-shaped object in size of 1,000 meters! The object was immovable, and some time later a small disc in size of 5 meters flew out of it and then landed on Krasnovodskaya spit. Patrol boats rushed to that area, but when they reached the distance of 100 meters from the object, it took off and flew one kilometer away. This happened five times. Then the object flew up at a huge speed, reached the bigger disc, which finally flew away spaceward. In the end of the 60s a secret laboratory of researching "flying objects" was created in the USSR. Among the laboratory's tasks was researching anti-gravitation, but the research results were made secret. Its testing area was near the town of Kapustin Yar on purpose. In the end of June of 1971 the military could see over this area a black cigar-shaped flying object floating under the clouds at the altitude of 800 meters. The object was 25 meters long and had about 3 meters in diameter. It had neither stabilizers nor wings nor engines and was moving at the speed of 150 kilometers per hour producing no noise.

In 1978 IZHAC Soviet Ministry of Defense accepted Network MO program. Special military unit in the town of Mytishi was in charge of collecting data, and newly established "space troops" were designated to fight possible threat from space.

In the beginning of August 1987 five soldiers of Leningrad Military District went to the North of Karelia region on a special mission. They were required to guard the object of unknown origin. It was

found on the territory of another military unit near the town of Vyborg.

The item was 4 meters wide, 2.5 meters high. The object had neither doors nor hatches, and all attempts to open its hull were unsuccessful. The military tried to break off some object parts, but were only able to take some rods from its stern. In the end of September the object disappeared from the hangar without leaving a trace.

#### A crash 6 years before Roswell

By the way, the 1947 Roswell incident has been preceded by a UFO crash 6 years earlier in July 1941, near Cape Gerado, South East Missouri. That UFO crash has been held very secret.

Not a great deal of researchers know about this crash. There is very little reference to this in any UFO literature. There are a small number of witnesses to a UFO crash in Cape Gerado, South East Missouri in July 1941. Possibly some mentions in a couple of documents about a UFO crash in 1941.

Dr. Wolf also described working with very human-appearing races dubbed the Nordics and Semitics. He said, "The Semitics and Nordics [ETs] come from Altair 4 and 5 and from the Pleiades [star systems]." Wolf also disclosed that in 1954 the U.S. had four extraterrestrial corpses in the "Blue Room", Hanger 18 at Wright-Patterson Air Force Base, Dayton, Ohio. These bodies came from a series of retrievals of downed UFOs. "The first UFO came down in 1941 into the ocean west of San Diego, and was retrieved by the Navy." Between that and the first publicly-announced Roswell UFO crash in 1947, Wolf says there was another crash in 1946, as well as two other crashes in 1947.

But it was only from 7 July 1947 that General Twining took 4 days and

- on July 07 he went to Alamogordo AAF for a secret meeting with AAF Chief of Staff Spaatz and to view recovered remains of craft from crash landing site for recovered remains of the UFO craft from the crash site about 20 miles North West of Socorro
- on July 08 he inspected UFO powerplant parts that were stored at Kirtland AAF
- on July 09 he went to White Sands Proving Ground to inspect pieces of the UFO craft that were stored there
- on July 10 he made inspection of R&D facilities at Alamogordo and then returned to Wright Field

Only few days before that time the 1947 Roswell incident took place. Quite a coincidence ...

A crash 3 years after Roswell

By the way, the 1947 Roswell incident has been succeeded by a UFO crash 3 and a half years later, on December 06, 1950, near El Indio Guerrero area of Texas-Mexican border, after the craft took a long trajectory through the atmosphere.

By the time a search team arrived at the crash site, it appeared that nearly all remains of the object had already been incinerated. It got transported for further study to the AEC Facility at Sandia in New Mexico.

This El Indio UFO crash nearly no-one talks about. So after all, Roswell isn't that unique or special. The Roswell incident is what everybody is talking about, thus leaving room for the other crashes as far as secrecy is concerned.

Sightings in Tibet at the time of Roswell

In Eastern Tibet in 1947, prior to the Red Chinese invasion, a large earthquake struck this border area and was followed by huge, high-power, orange-red glows of spherical light-forms which hung for days over the eastern sky. Buddhist monks reported that these apparitions were visible from Lhasa and they considered them at the time to be very evil omens.

It is quite possible that in 1947 electromagnetic Tesla experiments have been done transmitting EM energy through the planet to an antipodean target site where electrical arc energy is being violently released. As a consequence, UFOs flying in the vicinity of the energy fields have crashed.

It is quite likely that Tibet holds UFO technology, reason for China to claim Tibet as their property.

## Cropcircles made by Maser satellite

As you know, with lasers it is possible to cut (fashion, dentist, etc.), bend and melt (industrial), and so forth, at great precision and from large distance. Microwave laser technology, or better, maser technology, is used at a military satellite in order to "shoot" maser beams at precisely computed locations on our planet.

This kind of satellite is aimed to destroy anything at any time at any location under any atmospheric circumstances. Such satellite is not publicly known, i.e. kept secret, of course, and is responsible for *several "unresolved" airplane crashes*.

In the early 1970's I started playing with mainframe computers to produce nice mathematical patterns. And sure I was not the only one. It is a common hobbyism. Nothing to do with galactic federations and Alien prophecies or symbols of universal wisdom

Aiming a computer guided maser at high altitude towards a crop field, in about 15 seconds a large complex pattern can be projected and "cooked in", using rotating maserbeams (it would be quite unfortunate if you would be moving under the beam at such moment)

This is how crop circles are made, with a computer guided maser satellite, by bored artistic militaries. Period.

The light flashes are due to the electromagnetic field that is caused by the maser. The energy release is perceived as a flash of light. Sure they leave traces of energy in the plants, commonly incorrectly interpreted as spiritual energies of some sort.

By the way, if indeed Aliens have been around for thousands of years, how come that only since a few years cropcircles have been reported ? Since a few years, however, we do have star wars satellites - made by us - orbiting planet Earth. Once again, crop circles are NOT made by Aliens or UFOs, but simply by a maser satellite, programmed by a bunch of geeks. Keep it simple.

## China Says Crop Circles Appeared There 3,000-Years-Ago ?

[Original headline: Crop formations circle planet]

One of the first documented reports of a "crop" circle formation - the unexplained geometric designs that occur in fields of wheat and corn - appeared in 1678 Stirlingshire, Scotland. But this phenomenon was largely ignored until the 1970s and 80s when formations began to appear with increasing frequency around the globe. Today most countries - with the exception of China - are said to have experienced crop circle phenomena.

Yet is China really devoid of these unusual creations? Certainly, if someone or something is trying to communicate with mankind through patterns carved into crops, China's sizable population could not be ignored.

Western experts have obviously failed to carefully consider the data from this country. One only has to refer to the work of Zhang Hui, a research fellow at the Xinjiang Museum in Urumqi, to find evidence that suggests China - with its long history - experienced crop circle phenomena long before any other civilization on the planet.

Zhang claims to have harvested more than 20 stone patterns appearing to match crop circle formations from other countries, but pre-dating them by up to 3,000 years.

After discovering several of these stone circle patterns, which range from simple circles to more elaborate shapes, in the grasslands of Qinghe County beside the Sino-Mongolian border, Zhang was intrigued. He quickly headed to Beijing to consult Chinese translations of reference works by British crop circle experts.

He was amazed by the similarities.

Zhang believes the primitive people of the region, after witnessing the formation of actual crop circles, concluded that the designs were a form of communication from the gods and responded in kind to the divine messages by placing rocks in the shape of the circles.

For Zhang, these stone arrangements prove China has experienced crop circle phenomena - possibly more recently than imagined.

According to Zhang, one rare eyewitness described seeing a crop circle appear in a Northeast China field in only a short time while he was in the company of Red Guards. However, as the event occurred during the "cultural revolution" (1966-76), when such superstition was illegal, the account went undocumented.

If crop circles are an attempt at communication from an unknown source, then what is this source and who is supposed to receive the message?

Humans, being ego-centric creatures, naturally assume the messages hidden in the crop circles are meant for mankind. But what about the other species inhabiting our planet. As in Douglas Adam's novel, "So long and thanks for all the fish" - where dolphins were actually alien observers studying the human race as a psychologist studies rats in a maze - humans may not be the most advanced species on

the earth.

Possibly, the messages are meant for the legions of cockroach species which inhabit the darker corners of our daily life. After all, following mankind's inevitable self-destruction in a nuclear holocaust, cockroaches will be the only creatures left alive.

## Evademic & Draconian Alien Species

The following are 12 distinctions between the 'Evadamic' and the 'Draconian' species. The two categories are divided into HUMANS AND HUBRIDS (H), and REPTILIANS AND REBRIDS ®. According to some accounts, the neo-saurian entities often appear in somewhat humanoid configuration.

As a rule, the distinction might be confirmed depending on which 'category' the entity belongs to as evidenced by a MAJORITY of characteristics which would determine whether the entity falls into the Evadamic (soul-matrixed, personal consciousness) or Draconian (non soul-matrixed, collective consciousness) category.

The 12 distinctions are as follows:

H - Possess hair follicles.

R - As a rule, no hair follicles.

H - Epidermal skin.

R - Rough or scaly 'skin'.

H - Humanoid ear protuberances.

R - No or non-humanoid ear protuberances.

H - White eyes with round colored pupils.

R - Black or yellow-orange eyes with slit pupils.

H - Humanoid nose and lips.

R - No nose/lips OR 'muzzled' nose/jaw.

H - Four 'nailed' fingers and one opposable thumb. Four small and one large toe.

R - Three or four 'clawed' fingers or three fingers with a partially-opposable 'thumb'. Two - four clawed 'toes'.

H - Exterior male or female reproductive organs.

R - No exterior reproductive organs.

H - Body temperature below 100 degrees.

R - Body temperature, in many or most cases, above 100

degrees.

H - Crimson liquified 'blood'.

R - Greenish viscous, in some cases chlorophyll-based photo-reactive, 'fluid'.

H - Mammalian, no tail.

R - Reptilian with tail or tail stub.

H - 'Human' internal organ makeup.

R - 'Non-human' internal organ make up; due to high rate of mutability internal organ makeup may differ widely among various 'Reptilian' species, such as two 'brains', posterior-positioned 'heart', etc.

H - Excretes waste via posterior.

R - Excretes waste via 'skin', causing foul odorous, amonia or urine-like smell.

The following passages are from a letter written by Keith Priest of ROYAL PRIEST RESEARCH (directed by Lyssa Royal and Keith Priest), and was published among a series of articles released by researcher Al Fry:

"Dear David,

I am sending you our tape list which contains information on the Zeta Reticuli. Just read through the list and I'm sure that you will find what you are looking for.

"As for your question on your post card, I will answer according to my own viewpoint. Please keep in mind that although we have differing opinions I do not consider mine to be any more valid than yours. Neither of us can prove our own opinions any way, so I just see this as an exchange of ideas.

"I do not consider the Zeta Reticuli to be subservient to any one. They are a fully independent species with their own agenda.

"As for the Orion Empire...when Orions are perceived telepathically by the inexperienced, they appear to be reptilian in nature, both psychically and energetically. This Orion genotype has thick, wrinkly, skin that contains a high copper content that sometimes gives them a dark, greenish tinge. They are a powerful, single minded 'people' with strong mental and emotional disciplines.

"...We have been told that in ancient LYRAN times there were MAJOR CONFLICTS, due to lack of understanding, with a reptilian species from the DRACO REGION. They represented a deep fear

within humanity that was etched in our genetic memory and is sometimes triggered by telepathic contact with Orions, who sometimes MANIPULATE this reaction for their own reasons...

"As for the GIZA GROUP, or the GIZA INTELLIGENCE as referred to in the Billy Meier contact notes, they were effectively neutralized in the mid 1970's from having any direct physical influence on humanity. This is the group, by the way, lead by Kamogol II, that a sub-leader with his own following broke off from...

That person now goes by the name of Ashtar. The Giza are humans of Lyran descent and are still permitted, as Ashtar is, to communicate with us from some unknown realm..."-Keith Priest

In her massive book 'ALIEN HARVEST' (1989. Linda Moulton Howe Productions., P.O. Box 3130., Littleton, CO 80161), Linda Moulton Howe presents a transcript of a 'regression' session conducted by Dr. Leo Sprinkle on March 13, 1980. The subject was Judy Doraty, who was abducted with other family members from her home in Texas and to an underground installation below the state of New Mexico (and at one point to an installation below southern New Mexico, yet one which that was apparently connected subterraneanly with the 'Dulce' facility further north)... in May of 1973. The following is a portion of that transcript:

"...Sprinkle: OK, Judy, your doing fine. Now just focus once more on the features of the small beings, the small men. Describe once more the facial feature.

"Doraty: They have large eyes. They're very hypnotic. Like they're so big that... and they don't blink. The eyes do not blink. It's almost like, I guess... a snake?

"Sprinkle: Do they verbalize? Do they talk?

"Doraty: No. They talk, but not with their mouth. You can hear

them. And they talk with an accent. They talk like someone talking through their nose, holding their nose, holding their nose and talking in a very high pitch but it has a funny sound to it."

## FBI Confessions

The following document is from a secret report released by an FBI special agent code-named JORDON, who has been involved with the intrigues taking place near Dulce, New Mexico and Area 51 [Dreamland] Nevada. Among his fellow colleagues within the FBI, Jordon was often referred to as "The X-File Man".

'Jordon' claims to be an abductee whose birth in 1962 was genetically engineered by "tall greys" that had apparently altered the genetic codes within the ovum of his human mother ## who was also an abductee ## and infused the genetic coding of the ovum with certain specific genetic characteristics taken from another female abductee for some undetermined purpose. Although his life was being severely manipulated by the Aliens, agents of the Department of the Navy apparently stepped-in to counter some of the machinations which the Aliens were carrying out, using abductees like 'Jordon' as pawns in a vast game of cosmic chess.

With the permission of the agent himself, the following is reproduced from Mia Adams' book "THE EXCYLES" [Escelta Publishing, Ft. Lauderdale, Florida ## 1995]. Incidentally, the author uses the British spelling of Grey ## with an 'e' ## rather than the American spelling of Gray ## with an 'a' ## just in case the reader has wondered which is the 'correct' spelling... they are both 'correct'.

The account I am about to give is based on my experiences and the personal investigation I have conducted over the past several months. I cannot, and in a few instances I am specifically prevented from, revealing where and when I acquired all of the information I will present. I will state that on two occasions I deliberately violated secure areas and on one occasion participated in a rather unorthodox field interrogation in order to obtain data. I also deliberately involved several innocent parties who, unfortunately, may become subject to penalties which should rightfully only be mine. I have lied and have done so knowingly and repeatedly in order to elicit information and in order to cause governmental entities to react to moves they only thought I was making. I freely admit that I am guilty of abusing the power of my office and my credentials. I do not apologize for this, but I may soon become subject to the administrative or legal consequences of these actions. So be it. At the risk of appearing melodramatic, more dire consequences may also follow. I can only state that, if resistance is within my power, I will not go quietly.

I am taking the precaution of disseminating this account [both on paper and on disks] to several individuals solely and exclusively as a means of forestalling the desirability of attempting to silence me entirely. It is my belief that revenge would not be the goal of those opposed to my efforts, but, rather, the prevention of the leakage of information...

As a copy of this report is now in your hands, I urge you to make numerous additional copies and to place these copies in several locations to avert efforts at recovering all of them. Let me be very clear: If my opponents are able to recover all the copies of my report, then they will inevitably turn to the matter of muzzling me as the only remaining threat to security they face...

I am firmly convinced that I was abducted by non-human sentient beings at the age of six [SECTION DELETED] and that my newly surfaced [Thanks to Dr. ## NAME DELETED] recollections regarding this incident are reliable and real. These beings strongly resembled the Grey 'Breeders' I will describe

below, but, as I remember no 'Workers,' I cannot be entirely sure of what these beings represented. However, I have incontrovertible evidence that the Aliens who abducted me as a child have maintained an interest, if not an influence in my life. This evidence has already been provided to those who could make best use of it...

The Department of the Navy [D.O.N.] is a relatively SMALL clandestine agency within the United States Government which is staffed primarily by individuals ostensibly recruited and trained by other elements of the Federal Government. It is funded and supported by the National Security Agency and is also augmented by very tightly compartmentalized elements of the armed forces [I believe that BLUE LIGHT is the original code name for the U.S. Army's EBE-related unit, which was allegedly converted into the now famous counter-terrorist DELTA FORCE] and other governmental organizations.

[Approximately one third of headquarters DIVISION FIVE of the FBI is actually a front for D.O.N., with at least several dozen HQ special agents devoted to these matters.]

Despite its name, the "Department of the Navy" has very LITTLE to do with the actual United States Navy. Its existence is known only by an extremely limited number of individuals and its actual mission is known by an even smaller number. The Department of the Navy's purpose is to direct extraordinary unique activities in relation to extraterrestrial biological entities [EBEs] and Alien technologies with the primary missions of combating Alien operations which are hostile to the national security of the United States, gathering and exploiting Alien technologies, and the containment of premature disclosure of information regarding the presence and intentions of the EBEs.

Ironically, while NASA supposedly suspects or knows that there are Alien artifacts on the Moon and is suppressing data on this subject [This was only mentioned to me as an aside], NASA has no official role in dealing with EBEs. This is not to say, however, that NASA, like the rest of the overt government is not penetrated by some DON personnel. Furthermore, the DON has had some interaction with NASA personnel who accidentally became aware of too much. I was also told that an overt NASA effort to detect non-human civilizations was doomed to failure, but I was not told why...

The Greys are divided into quasi-sentient asexual WORKERS who are, on average, four feet tall, AND dominant BREEDERS who have large eyes and are, on average, almost six feet tall. Both types of Greys have four fingers on each hand. This alliance emerged from the successful recovery of several apparently crashed Grey craft and the subsequent establishment of relations with this species. This relationship is, for the time being, clandestine by the choice of both parties and involves a very limited and gradual sharing of information and technology by the Greys.

Note: This would seem to contradict the earlier statement that the DON is interested in defending our National Security from malevolent Alien species. However we must understand that initially the decision of MJ12 to establish contact with the Greys was partly motivated by National Security concerns, for instance the desire for advanced weapons, the establishment a 'treaty' with the Greys in order to appease any intent on their part to take control, all the while studying them and their weaknesses. In reality, it seems as if some of the Intelligence agencies were attempting to do to the Greys what they have done to other cultures, including our own. That is, USE the treaties as a WEAPON against the Greys to infiltrate their operational structure and find out their weaknesses and exploit their technology at the same time. According to contactees, most of the human cultures who have been taken-over in the past as a result of 'Trojan Horse' treaties with the Greys were sincerely blinded by the Greys' feigned platitudes of benevolence and friendship.

The much more cynical and untrusting Intelligence Agencies of planet earth who were no strangers to war and betrayal, although hoping for the best, were at the same time preparing for the worst once the 'treaties' were established. In the end, the choice of the Greys to play their hand and match wits with the Intelligence Agencies of planet earth ## whose cunning and expertise in manipulation are notorious ## may ultimately be their downfall. Nevertheless these agencies on earth are playing a high-risk game. In their bid to gain 'galactic intelligence' and technological parity with the Greys they run the high risk of having many of their own agents fall under the psychological control of the Greys. In other words while reaching one hand out in feigned friendship towards the Greys, the other hand is busy developing technological weaponry with the hope of potentially exploiting, conquering or destroying them just "in case" they turned on us. We must admit that there are various different motives in dealing with the Greys.

The 'elite' globalists of course NEED the Greys' mind-control technology to assist in the implementation of their planetary dictatorship. Others want nothing to do with the Greys, but desire only their technology. In a strange twist of irony the military alliance, and subsequent resistance, to the Greys may work for the eventual good of the planet. The reason for this is the fact that in their attempt to infiltrate and subvert our planet, the Greys made some grave underestimation's. One of the major 'mistakes' they made ## probably out of fear of reprisals, resulting from the growing knowledge within intelligence agencies of the blatant betrayals of the 'treaties' ## was to jump the gun and attempt a planetary takeover before they were ready for it. They discovered that their methods which have succeeded on other worlds did not work quite as well on planet earth. When the 'takeover' came about, they were only able to 'conquer' a large segment of the underground 'world', whereas their attempts to use their human agents on the surface to take control of the 'world above' by precipitating a full totalitarian coup in America was STRONGLY resisted. Because of this resistance they could achieve no better than a stalemate.

Now it is a tooth-and-nail battle between freedom-loving sovereigntist humans above and freedom-hating collectist reptilians below for control of the minds of the leaders of the Military-Industrial Complex which operates both above and below the surface of the planet. Whichever 'side' comes out in control of the M.I.C. will possess BOTH 'worlds'. The Aliens are running scared because in 1989 their secret, the 'Enigma', came crashing through the surface and out into the open when Robert Lazar had the guts to come clean about what was happening at Area-51. Once he stood up to 'the Beast', others joined him in his crusade.

John Lear, William Cooper, Don Ecker, Paul Bennewitz, Christa Tilton, Val Valerian, Phil Schneider, Thomas Castello, Jason Bishop, Norio Hayakowa, Bill Hamilton, Agent 'Yellowfruit', John Rhodes, Michael Lindemann, Michael Corbin, Commander 'X', Jim McCampbell, Robert Morningsky, Colonel Steve Wilson, Bill English, Jefferson Souza, Yours Truly, etc. etc. I cannot name all of the names here as the list grows every day. Although many of these may have some heated personality and philosophical differences among themselves, they nevertheless have the same thing in common ## each of them possessed a different 'piece' of the overall 'puzzle' on the human-Alien interaction.

Once the 'dam' broke so-to-speak, what had previously been a situation that was 'out-of-control' in respect to the U.S. Government, became a situation that became 'out-of-control' for the Greys. Expect some rather desperate attempts by the Greys in the future to resolve the situation and take back CONTROL. As I said, they are running out of time and they are running scared and desperate beings do desperate things. Will they simply concede defeat and leave this planet, or do they consider planet earth and its resources to be the KEY to the continued survival of their empire? I personally get the feeling that the infernal 'leaders' of the reptilian collective or hive have already invested too much in

this planet to leave so easily.

This means that a resolution of the situation will be up to US, and hopefully more than a little Divine Intervention. With this in mind, one might better understand the seemingly schizophrenic actions of the DON, CIA, NSA, MJ12 and other agencies which are being influenced and contested by basically three different groups with different agendas: those intent on maintaining TRUE National Security, those intent on selling-out the U.S. for personal gain, and those in the middle who are just obeying orders and essentially don't know where they stand. Several sources claim that the U.S. Navy structure has been infiltrated to some extent by fascist elements operating deep within the CIA and NSA in an effort to use its organizational structure to serve their unconstitutional agendas, in most cases without the knowledge of most Navy personnel themselves. Through misrepresentation of their motives and intentions, these infiltrators have succeeded in gaining support from Navy personnel for their clandestine activities using the false facade of "Patriotism" or "National Security", when in reality many of the joint NSA-Alien projects have in reality SUBVERTED the National Security of the U.S.A.

Several underground and underwater facilities [at least one underwater facility is off the Florida coast and has a terrestrial access point in south Miami... I and my unseen cohorts have already provided the address to several individuals] have been established to support these [joint operational] activities and to provide a suitable habitat for the EBEs involved. Parenthetically, the multiple protective shelter [MPS] ICBM basing scheme proposed in the early 1980s was actually a cover for the construction of 4,600 EBE related bunkers; this scheme was politically untenable and had to be abandoned, but would have allowed for a tremendous expansion of Alien activity in the United States. There is presently an on-going competition for influence if not outright domination, over the earth and its life forms between the Greys and another species commonly identified as 'Reptilians' or 'Lizards'.

Note: It is interesting that several other sources claim that the Orion Greys are willfully working WITH and on behalf OF the Draconian 'Lizards' or Reptiloids. Is the 'suggested' animosity between the Greys and Reptiloids a ruse to keep the government in a state of confusion, i.e.. to pressure them to make alliances with the Greys to fight the Reptiloids, or vice versa in order to ensure complete governmental submission to one or the other 'sides' of a SINGLE Alien collective power-structure?

It is supposedly known that this species ominously refers to itself as 'Earthlings'. I was shown extremely clear photographs of examples of this species. Reptilians appeared human sized, had three toes on each foot, and had notably large mouths [muzzles?] with prominent teeth. This competition has resulted in the destruction of several craft both within and without the earth's atmosphere and has prompted the development of certain aspects of the United States' Strategic Nuclear Forces as well as the Strategic Defense Initiative [SDI].

The DON [Department of the Navy] conducts extensive surveillance and monitoring of individuals who are unknowingly part of an on-going program of manipulation of the human gene pool by competing non-human alliances. This manipulation was initially undertaken by the reptilian species, apparently to direct certain human traits in ways favorable to this species. In addition reptilian efforts have apparently focused on the United States and, to a lesser extent, its allies due to the United States' leading ECONOMIC and MILITARY role worldwide.

Study has determined that the Reptilian efforts in this area amount to long-term genetic sabotage. The reptilians have also been responsible for livestock mutilations and some human abductions for other negative purposes. Strangely, there is some historical connection between the Reptilians and the Development of nuclear energy, but this was only hinted at by my sources (It is interesting that many

of the nuclear scientists had ties with the Bavarian Illuminati... the 'bomb' was developed at Los Alamos, beneath which some believe exists the MAJOR concentration of Reptiloids/Greys ## those which commute underground to work in the lower Dulce base 90 miles away ## in North America... and also there is an ancient Hopi prophecy about the Greys and the part they would play in the creation of the "gourd of death".

Did they want to provoke an inevitable nuclear conflict that they hoped would destroy all human life on planet earth? The fact that the greys interacted with the scientists of the Manhattan Project is evidenced by a personal friend of mine whose father was one such scientist. She has experienced numerous abductions throughout the years and claims to be a part of an Alien program involving genetic manipulation. She DID show me some unusual scale-like skin on her legs, a condition that I have not seen on any other person.

It was some time in the 60's or 70's EMI Corporation and Thorn Industries merged and they decided to do a movie. The decision to start it was in 1983 and they came to the US. to do the filming. But they said that they had the actual record of the experiment in their archives since 1890.

However, the Grey abductions of human subjects have been aimed primarily at the creation of a particularly hardy elite hybrid species which would be initially capable of forming the leading elements of Grey society as well as serving a similar role in human society .

Note: Since the Reptiloids/Greys have basically failed in producing an actual "cross-breed" capable of reproducing itself, they may instead opt for the development of a 'race' of genetically-altered humans or implanted clones ## patched-in to the collective ## who have been fused with some degree of reptilian DNA and RNA, and once this has been accomplished transfer an individual and/or collective Alien intelligence matrix into these genetically altered 'hosts' as they HAVE been known to do in some cases. There is some question as to whether the original 'soul' of the individual is removed OR suppressed when this occurs, both may be possibilities, and one would probably need an aura detection device capable of 'seeing' the multi-colored 'soul-chakras' in order to determine whether that 'human' has a soul or not. Nevertheless this would be one manner in which an Alien force could infiltrate a human society. In other cases humans may be manipulated WHILE IN an altered state of mind while at the same time living a conscious life separate from and unaware of the induced alternate personality. I have encountered several cases, including 'my own', involving abductees who are living "double lives". In these cases an Alien 'sleeper' or 'walk-in' intelligence-matrix has apparently been electronically IMPLANTED in these people via miniature artificial intelligence implants that are programmed with Alien thought patterns and attached to the major nerve-centers of the brain. Recently there has been some progress in mainstream science in regards to programming computers with human thought patterns, 'growing' human brain tissue in a laboratory for use in 'organic computers, or direct mind-machine communication as is being developed for advanced jet pilots.

The 'implant' in such cases house an individual or collective Alien personality that is activated when the conscious identity is asleep. In this manner an Alien 'parasite', whether malevolent, neutral or in very rare cases well-intentioned, may operate through the body of the host without the host being fully aware of just how his or her unconscious existence is being used or manipulated, for whatever purposes the Aliens choose. As for the 'hybrids' that have been developed by the Greys, another problem with producing a ACTUAL hybrid is that humans have 'souls' whereas Greys do not, therefore the 'hybrid' must fall to one side or the other ## soullish human or soulless reptilian, regardless of what the genetic physical makeup of the "physical shell" may be. I prefer to use the term hu-brids to denote the hybrids who have been born with a soul-matrix and re-brids to denote those that

have not.

The hybrids would also be able to survive destructive ecological changes that the Greys believe will take place on earth in the near future. The hybrids I saw had the appearance of human children with unusually large heads and eyes as well as fine, sparse hair. Earlier, and unsatisfactory, efforts supposedly resulted in a more fetus-like appearance on the part of these hybrids. All hybrids thus far produced are sterile and unable to reproduce. However, all hybrids have well-developed digestive systems.

The implantation of bio-electronic (?) devices in proximity to the central nervous systems of abductees has been utilized by the Greys for several complementary purposes, but the most important reason is in order to have a more reliable means of MIND CONTROL at a distance. Such control is necessary in order to facilitate follow-up abductions and in order to prevent male subjects from having voluntary sterilization's.

The DON has taken a very active, and largely successful, role in countering reptilian genetic sabotage. However, it is tasked with taking no role other than observation of Grey abductions, to the extent permitted by this group. This fact results in morale and control problems within this organization. That is, they are to work to prevent Alien sabotage of the human race, yet not interfere or try to prevent abductions that they know are occurring or going to occur. It's like MacArthur's forces in Korea. They were told by their U.N. superiors to keep the peace in South Korea and defend it from Northern Communist aggression, yet not attempt to destroy the main supply depots in the North from where the attacks were originating! As with the Korean conflict, the problem with the Greys would seem to be a "no-win" situation. No wonder there has been "morale and control problems" within the organization, and this may explain why an inner core within Navy Intelligence has formed around agencies like the 'CABAL' and 'COM-12', which are made up of patriots who are fed up with all of the waffling and compromise ## and outright betrayal of our nation and our planet by unelected corporate collaborators working within the Executive branch of government ## and want to take DIRECT action against the Greys.

These morale problems have benefited me on more than one occasion and I strongly believe that governmental collusion in these activities is UNCONSTITUTIONAL. The Greys, like the Reptilians, routinely attempt to erase the abduction related memories of those they abduct.

One of the most exotic elements of Grey technology exploited by the DON involves the deliberate regulation of human brain activity including telepathic communication, and propulsive technologies which include temporal and, for lack of a better term, "Trans-Dimensional" facets. Grey bio-technologies are, paradoxically, fundamentally primitive, but have some extremely advanced facets. Particularly significant is an ability to manufacture synthetic biological-mechanical (?) entities. I wonder if the so-called "Men In Black", if they exist, are examples of these sorts of beings. The conditioning of human brain [temporal lobe] activity through electromagnetic and advanced medical techniques is used by the DON in two primary ways. The most obvious is in the elimination of undesirable memories from the minds of accidental witnesses to Grey abductions; in this case somewhat less reliable electromagnetic means must normally be utilized. The second, but actually more important use for this form of advanced mind control is in the elimination of undesirable memories in the minds of DON personnel and other knowing participants in governmental activities relating to EBEs. This latter form of hypnosis is normally done through more reliable medical or chemical means and is utilized for two reasons. The first reason is actually in the interests of the mental health of certain individuals unable to successfully cope with the unique psychic environment surrounding EBE activities. The second reason to utilize voluntary mind control on government

personnel is to delete information from the minds of these individuals which could be exploited by either terrestrial or extraterrestrial forces.

DON field agents are therefore often referred to as "Zombies" and their units as "Zombie Squads". Voluntary erasures are far more reliable than those IMPOSED upon the subject, especially if they have a surgical component. However, neither technique is absolutely reliable and, therefore, all 'erasures' also include elements of disinformation implanted in the mind of the target [agent] which would tend to render any recalled accounts contradictory or otherwise unreliable. Zombies are also programmed against allowing themselves to be hypnotically regressed or otherwise medically examined by unauthorized personnel. [This is particularly important as most of these agents have implants placed in their bodies by the Greys to supposedly monitor DON compliance with mutual agreements.]

Note: The above is in reference to those agencies which integrate both CIA and NAVY Intelligence. According to an agent code-named 'Panda', "the Navy has been manipulated via the intelligence community," especially by the CIA-NSA which has attempted to take full control of all military-intelligence and bring it under the control of those human and Alien influences who are running the collaboration projects.

Morale among DON agents is particularly impaired by the obvious deterioration of mental and emotional function among these individuals as a result of these psychic interventions. The Department of Defense has been a primary beneficiary of Alien derived technologies which have been disseminated in a largely covert manner. In other words, even the military engineering units and defense contractors involved have been unaware of the actual source of key breakthrough technologies supplied to them. Although some Alien technologies have been adopted and some anti-gravity drive extraterrestrial craft are now being actually duplicated.

There is also an ongoing program of gradual societal conditioning to ACCEPT the existence and influence of EBEs in Earth's history (Does this include obvious FALLACIES that have been spread among intelligence agencies and abductees by the Greys, such as their claim that they originally genetically 'created' the human race and placed them on planet Earth?). This is being undertaken by the DON on a worldwide basis in order to prevent cultural disintegration in the event of an uncontrollable catastrophic leak of intelligence regarding the Aliens and also in order to allow for a more orderly eventual unveiling of the truth to the general public. The Greys have themselves promulgated a desire to overtly reveal themselves to human society by the turn of the century (...of course passing themselves off as the "good guys", however at this point in time when the overall malevolent activities of the greys are being exposed ## especially in network TV programs like DARK SKIES ## this would take an incredible feat of psychological engineering to accomplish).

Accordingly, the DON (CIA-NSA elements within the DON, that is ) currently has plans to eventually stage a "first contact" event similar to that depicted in the film CLOSE ENCOUNTERS OF THE THIRD KIND so as to prevent any immediate disclosure of the fact that first contact actually took place fifty years ago [mid-1940's]. This is only PART of a classical psychological warfare program directed AT the American people by their own government without appropriate authority. There is also a DON effort in progress to fully identify other Alien entities which have had an impact on this planet.

Specifically, there is an EBE species known as that of the 'Birdmen' which is believed to be somehow reptilian related (variously known among sources as the Mothmen, Ciakars, Winged Draco, Pterodactoids or Pteroids). There is also an Alien species which has been colloquially identified as the 'babies' for their somewhat neonatal appearance [These might be some sort of hybrid humanoid].

The interspecies rivalry currently in progress involves elements of what can only be termed espionage. In other words, both sides have utilized tactics and strategies usually associated with covert intelligence agencies. The most striking tactic employed by the Reptilians is that of the "false flag" which involves the portrayal of hostile Reptilian actions as being those of more benign species. This particular technique has been focused on the United States Government on several occasions and, in one instance that was recounted to me, resulted in the killing of numerous Grays by United States military forces. The dissemination of disinformation is also a favored technique. The Utilization of mind control techniques by both sides makes this particular espionage game a difficult one to comprehend or master...

As they say, THE TRUTH IS OUT THERE, but can we recognize it when we see it?

## Greys and Dolphins

From the various documents, informants, and abductee reports, we can postulate what the Greys are. There are many reports that can be found today, if one knows where to look: Some theorize that the Greys are descendants of modern humans from the future; others state that the Greys are a totally different lifeform not related to Terran humans. This document will hopefully finalize the various theories, and weed out those hypotheses that are deemed highly unlikely due to contradicting evidence and reports.

### Abductions and Cloning:

First of all, the fact must be established that the Greys truly are clones. This is not a new theory, simply a modification of others that have been circulating for a while. There are several reasons why they appear to be clones, if one takes into account behavioral patterns and visual appearances, as deduced from abductee testimonies and other related reports. However, the most intriguing evidence is their abduction plans themselves, and not merely second- and third-hand reports from semi-reliable witnesses about 'tanks of human and alien body parts' somewhere in the deserts of New Mexico.

The Greys are abducting human males and females for the purposes of extracting sperm, ova, and other samples of our genetic sequences for reasons unknown. There does appear to be an answer as to why they do so, if the relevant data is taken into consideration, as the reader shall soon see.

The Greys must be clones, and the best evidence is in the conduct of the abductions. One can extrapolate from the Heisenburg Uncertainty Principle (which refers to quantum mechanics and the uncertainty of the location and momentum of an electron in an orbital) that genetic sequences break down and begin to have errors in the sequence after several generations of continuous cloning from clones, which is what many believe is occurring with the Greys. The result of cloning from clones, after several generation, is equivalent to inbreeding, where errors creep up in the code, so to speak, and eventually, clones are created that are unable to function, i.e., stillborn. This phenomenon is also likened to the recording of a audio or video cassette from another recording. As copies are made from copies, the overall quality decreases. This postulate can be extrapolated from the fact the at the human DNA chain is very long, and contains much data. If the Greys have a similar genetic code, this hypothesis will still stand. Humans have great genetic variation, and mutations from one generation to the next increase the diversity. However, the mutations that are created generally don't involve the function of major systems of the body. Sexual reproduction is also a buffer to radical mutations affecting the entire body in drastic ways from the norm. With clones, however, the mutations, while small individually, will be copied from one generation to another, and as the number of mutations build up, the greater the chance of a fatal mutation. The sheer complexity of the DNA molecule (in humans) makes it exceedingly difficult to keep tract of every bit of genetic code, and so errors will slip past investigations. There is another problem In this situation: While the Greys seem to be able to successfully cross-breed their genetic material with that of Terran humans, their actual knowledge of truly advanced genetic engineering concepts seems to be lacking. They are not able to manipulate their (or human) genetic code beyond that necessary for the mixing of the two type of replicating molecules. This implied that they either lost the knowledge somehow, or never had it in the first place. Either way, it appears what the Greys don't have very much control over the genetic code of the hybrid created. Thus, cloning from clones creates a dilemma that is fatal to a species dependent on cloning as a method of survival. The way that they propagate is also the method of their death as a species.

However, it may be possible, with the genetic engineering techniques that the Greys seem to possess, to infuse viable DNA or other genetic material, suitably modified, into their own next generation of

clones, thus creating hybrids and others much like those often reported by abductees. While some may say that if they have the technology to do all that, why not create the genetic materials they need and repair their genetic code themselves without resorting to abducting humans? The answer is very simple, and is a matter of economics: It is by far cheaper, energy-wise and time-wise, to 'harvest' the DNA needed, rather than create the genetic materials themselves. Why spend energy and time building factories, setting codes of purity, as well as finding a source of raw materials for the creation of the replicating molecule, and then reconstructing an entire, functional molecule, when there is a planet of six billion humans which do the job themselves, naturally? The strategic location of underground bases could make this far more economically advantageous, but even a civilization that is FTL-capable, traveling from a distant star, would save time and energy as opposed to massive efforts to create a replicating molecule from scratch. Thus, this theory would not only explain current abductions, but also past visitations as well, due to the premise that the abductions are for the purposes of harvesting DNA and other genetic materials for infusion into their own genetic code. There does appear to be a problem in this situation: While the Greys seem to be able to successfully cross-breed their genetic material with that of Terran humans, their actual knowledge of truly advanced genetic engineering concepts seems to be lacking. They are not able to manipulate their (or human) genetic code beyond that necessary for the mixing of the two types of replicating molecules. This implied that they either lost the knowledge somehow, or never had it in the first place. Either way, it appears that the Greys don't have very much control over the genetic code of the hybrid created. The reason for this deduction comes from an analysis of the fact that abductions are occurring: If the Greys had advanced genetic engineering knowledge that they actively used to the extent that they appear to, then it would be plausible that they would be able to repair the errors in the genetic code as they appeared. This is contrary to the fact that abductions are occurring, and so other hypotheses must be made to account for this deviation from the expected.

One possible explanation is that the Greys do not do the genetic engineering themselves, but that the system is completely automated, with or without a supervisor. In this manner, the genetic engineering involved in combining both types of genetic code would be contained in a computer of some type, and would create a hybrid embryo from human ova or sperm, with the addition of Grey genetic material suitably modified to be compatible with Terran DNA. One possible method, which would explain the taking of both sperm and ova, would be the following scenario: The ova are modified only very slightly, to make sure of no compatibility problems with the new set of genetic code. The DNA from the human sperm is then removed, and replaced with the Grey genetic material modified to interact accordingly. The sperm is then allowed to combine with the ova, 'mixing' the two gene patterns, and if the code is viable, the resultant embryo grows and divides. At a certain time, the embryo would be put into stasis, by freezing or by another means, for storage, and implanted into a human female mother for further development whenever convenient. This scenario would circumvent the apparent 'hole' in the theory, and would explain why the Greys seem to have advanced genetic engineering technology at their disposal, yet be unable to repair errors in their genetic code, nor diversify their own code through such manipulation. They have either lost the knowledge sometime in the past, or simply used the knowledge that another civilization gave them, without understanding what exactly was going on.

Other evidence comes from abductee reports on the physical appearance of the Greys. According to abductees and certain government informants, the following physical profile can be deduced about the Greys: The average height of 4 ft. to 4 ft. 6 in. for the 'doctors,' or the leaders of the abductions, and 3 ft. to 3 ft. 6 in. for the workers or 'drones,' with an overall humanoid shape. Their skin coloration is light grey to dark grey and appears to be non-porous. The head is proportionally large and an inverted triangular shape in the vertical plane. The rear skull area is large and rounded, and the eyes being large and slanted upwards toward the rear of the skull. The arms and legs appear to be very thin, with a neck that appears to be far too thin to support the weight of the head. There is no genitalia visible on the ones

that appear to be male, nor is there a pubic bulge seen through the clothing. These reports seem to point to the same conclusion: The Greys are sterile mules, with no sexual organs. Descriptions of Grey bodies illustrate their sameness: very similar bodies, with only slight changes in proportions, and stylistic differences being observed in their heads. However, even without sexual organs, the Greys seem to have gender, and are not simply neuter. The genders, however, appear to be completely determined by the mind, with the bodies being identical almost identical. Abductees report that some Greys 'feel' or 'seem' feminine, while others are very masculine. This seems to point to a time of sex differentiation, which was bred out physically, leaving only the mental pattern to demonstrate the differences between males and females in the Grey social infrastructure. It should also be noted that female Greys are very rarely seen, and are reported to be sterile and incapable of giving birth to offspring. The males are the ones most commonly observed, and simple deduction will show that there is one scenario possible: the Grey females are few in number, and must be isolated for some reason, perhaps to prevent their loss or for genetic repositories. Nevertheless, because Greys cannot breed naturally, due to a lack of sexual organs, artificial methods must be incorporated into their society on a massive, if not simply large, scale to prevent their demise as a species.

#### Origins from Cetaceans:

Based on the evidence of their physical appearance, the following hypothesis can be made: The Greys are descended from a dolphin-like or cetacean-based life form. There are several reasons for this supposition. The answer can be found in the similarities between cetaceans and Greys, using physical and behavioral aspects.

#### Physical Aspects and Similarities:

First, let us examine the physical characteristics. The skin of a Grey is very similar to that of dolphins in texture, and in most cases, coloration. On Terra, cetaceans evolved legs and arms to function on land, but when they returned to the oceans, the arms and legs evolved into flippers and tails. X-ray analysis clearly show the residual appendages in modern day dolphins and whales as being comparable in skeletal structure to that of land-dwelling mammals in placement and types of bones. It is possible that the Greys evolved much like Terran dolphins did, but did not return to the oceans, but continued to develop as a land based mammal. Next is the skull shape: The Greys have a large rounded skull region area on the upper anterior and posterior sections of their skulls. An examination of the dolphin skull shows very similar large, rounded anterior and posterior areas. The eyes of Greys are described as large and black, with what appears to be a protective shielding covering the eye. Many Terran aquatic animals have developed protective outer eye shields for underwater use. It is possible that this is a left-over attribute from the Greys' ocean origins which has not been bred out, perhaps due to several unknown advantages of the shield. Another factor is the dark coloration of this eye shield. It suggests an eye structure suited for a reduced light environment. In the oceans, this would be natural for a creature living underwater were the planet's primary's light does not penetrate very deep. The dark coloration would be indicative of eyes that absorb nearly all the light that enters it, creating the appearance of blackness. On Terra, dolphins and other cetaceans developed sonar ability as their primary navigational aid, and thus do not rely as much on sight while underwater.

#### Behavioral Aspects and Similarities:

There are also several similarities in the behavior of Greys and dolphins. Terran dolphins use sonar both to navigate and stun prey and enemies. The stun affect is of particular interest in this case. Dolphins can emit very powerful and focused ultrasonic bursts from the anterior section of their skulls, from an organ known as a 'melon'. This is used to stun prey and enemies, such as sharks and barracuda.

There has been an excellent film created by a group of students while diving, illustrating of a group of dolphins utilizing this ability on a very large barracuda. The barracuda was swimming towards a group of very young dolphins. Four large adult dolphins turned so that their heads were directly aligned with the barracuda, and emitted a sustained ultrasonic burst. The effect on the barracuda was astounding. It literally froze, completely paralyzed in the water, and even the gills ceased to move. The dolphins stared at it for about thirty seconds, during which time the barracuda remained totally immobilized. As soon as they turned their heads away, the ultrasonic beam was no longer focused on the barracuda, whereas it fled at a very high rate of speed from the scene. Obviously, this beam was tightly focused, and required the dolphin's head to be pointed directly at the target. The strength of the beam could be changed as well. When hunting, the ultrasound beam could be directed at small fish and amplified to lethal levels, causing instant death. Some cetacean researchers believe that this is also used when dolphins ram sharks. Autopsies of the shark corpses after a dolphin attack reveal the shark's internal organs have been visibly shattered. The beam can also be controlled so as to produce a stun effect, as in the case of the barracuda. The result was physical paralysis and disorientation. This phenomenon is very similar to the technique used by the Greys as an aid to telepathic control of abductees. The similarities are almost overwhelming. Nearly every abductee states that when they are abducted, they are paralyzed by the Greys, and become mentally disoriented. The most striking thing most recall is what is known as the 'Stare.' This occurs when a Grey looks directly at an abductee, whereas the large, dark eyes capture the abductee's attention immediately. Abductees then report being unable to move, and a feeling of great mental disorientation. On some rare occasions, abductees report a lessening of these effects when a Grey looked slightly away from them. This clearly indicates that the intensity of the effect was directly proportional to the direction or focus of the front portion of the Grey head. This evidence leads to the hypothesis that the Greys use a kind of ultrasonic sound beam in conjunction with telepathy to paralyze an abductee during an abduction.

The 'Stare' as abductees call it, is merely the positioning of the Grey's anterior skull area, the projection area where the Grey equivalent to the cetacean 'melon' is located, to achieve maximum beam concentration on the abductee. When the Grey looks away, the beam would naturally become less focused and the effect would diminish, just as it appears when the Grey is distracted momentarily. The description of the Grey's head is usually large, triangular and rounded in front and back. This suggests a large and rounded rear and frontal brain lobe structure. This is exceedingly similar to the physical structure of a cetacean brain. It is the main difference between cetacean and human brains. This large rounding is thought to be an adaptation of the cetacean brain to handle the enormous data flow received from echo-location and other sound-based communications faculties. It should also be noted that on the rare occasions that abductees hear verbal sounds from Greys, it is described as high-pitched, sometimes chattering or staccato clicks or beeps. These are all similar to the air vocalizations of dolphins. While the brain structure of the Greys has remained basically constant, it can be assumed that the echo-location ability of the Greys would have been decreased or atrophied almost completely. After all, there is probably little use for echo-location in such a society, thus it could have been bred out of the species during cloning.

#### Origins of Greys:

Due to no knowledge at all of the origins of the Greys, either as simply evolved cetaceans, or as a cloned slave society, several possible avenues must be explored. A few that might be possible are simple evolution with later genetic self-manipulation or manipulation of cetaceans by an outside species. Since there is no evidence, albeit no data at all, any possible origins theory that can be developed should be judged as possibly faulty, until more data can be gathered.

#### Evolved Cetaceans:

A simple explanation for the origins of the Greys would be an evolutionary process similar to that of humans, but from a cetacean ancestor as opposed to a primate ancestor. At one point, instead of returning to the oceans, or perhaps leaving the oceans, cetaceans simply evolved as a land-dweller, while retaining the vestigial features of its ancestors, much as humans still retain body hair, an appendix, and a group of fused tail bones. At another time, the species evolved more rapidly, created a technological base of fire (not possible underwater), and created a complex society. Some time later, the Greys either had a large accident or other event that severely degenerated its genetic pool, or decided that the random genetic mixing of sexual reproduction was inadequate for their society, and embarked on cloning as a means to overcome their problem. After a period of time, the knowledge of advanced genetics, as well as the technology needed to create more advanced versions of their genetic machines were somehow lost, and the result is a society that depends on its machines for species survival, but who cannot recreate the technology. This theory is supported by the reasons behind the abduction phenomenon, as is very streamlined, without involving other species as manipulators.

Imagine a breathing living mammal entity of a few million years ago, with a grey skin, a larger volume of more complex brains than a human, no external ears, black eyes, no facial emotional expressions, high pitch language, superior intelligence, physically not as sophisticated as humans, gender not too obvious from outside, body temperature lower than a human, telepathic, sharing a collective mind with same species, and very interested in humans.

Ah, an Alien eh ? Well, not quite, let's call it a Dolphin.

As time went by, let's say a million years, this entity evolved or mutated into an entity with legs and arms (because it decided to play with things or technology), all the basic functions remaining more or less the same, and a mouth like a fish.

Ah, a Dolphin eh ? Well, not quite, let's call it an Alien.

## Greys must be Clones

The Greys must be clones, and the best evidence is in the conduct of the abductions. One can extrapolate from the Heisenburg Uncertainty Principle (which refers to quantum mechanics and the uncertainty of the location and momentum of an electron in an orbital) that genetic sequences break down and begin to have errors in the sequence after several generations of continuous cloning from clones, which is what many believe is occurring with the Greys.

The result of cloning from clones, after several generation, is equivalent to inbreeding, where errors creep up in the code, so to speak, and eventually, clones are created that are unable to function, i.e., stillborn. This phenomenon is also likened to the recording of a audio or video cassette from another recording. As copies are made from copies, the overall quality decreases. This postulate can be extrapolated from the fact the at the human DNA chain is very long, and contains much data. If the Greys have a similar genetic code, this hypothesis will still stand. Humans have great genetic variation, and mutations from one generation to the next increase the diversity. However, the mutations that are created generally don't involve the function of major systems of the body. Sexual reproduction is also a buffer to radical mutations affecting the entire body in drastic ways from the norm. With clones, however, the mutations, while small individually, will be copied from one generation to another, and as the number of mutations build up, the greater the chance of a fatal mutation. The sheer complexity of the DNA molecule (in humans) makes it exceedingly difficult to keep tract of every bit of genetic code, and so errors will slip past investigations. There is another problem In this situation: While the Greys seem to be able to successfully cross-breed their genetic material with that of Terran humans, their actual knowledge of truly advanced genetic engineering concepts seems to be lacking. They are not able to manipulate their (or human) genetic code beyond that necessary for the mixing of the two type of replicating molecules. This implied that they either lost the knowledge somehow, or never had it in the first place. Either way, it appears what the Greys don't have very much control over the genetic code of the hybrid created. Thus, cloning from clones creates a dilemma that is fatal to a species dependent on cloning as a method of survival. The way that they propagate is also the method of their death as a species.

However, it may be possible, with the genetic engineering techniques that the Greys seem to possess, to infuse viable DNA or other genetic material, suitably modified, into their own next generation of clones, thus creating hybrids and others much like those often reported by abductees. While some may say that if they have the technology to do all that, why not create the genetic materials they need and repair their genetic code themselves without resorting to abducting humans? The answer is very simple, and is a matter of economics: It is by far cheaper, energy- wise and time-wise, to 'harvest' the DNA needed, rather that create the genetic materials themselves. Why spend energy and time building factories, setting codes of purity, as well as finding a source of raw materials for the creation of the replicating molecule, and then reconstructing an entire, functional molecule, when there is a planet of six billion humans which do the job themselves, naturally? The strategic location of underground bases could make this far more economically advantageous, but even a civilization that is FTL-capable, traveling from a distant star, would save time and energy as opposed to massive efforts create a replicating molecule from scratch. Thus, this theory would not only explain current abductions, but also past visitations as well, due to the premise that the abductions are for the purposes of harvesting DNA and other genetic materials for infusion into their own genetic code. There does appear to be a problem In this situation: While the Greys seem to be able to successfully cross-breed their genetic material with that of Terran humans, their actual knowledge of truly advanced genetic engineering concepts seems to be lacking. They are not able to manipulate their (or human) genetic code beyond that necessary for the mixing of the two type of replicating molecules. This implied that they either lost the knowledge somehow, or never had it in the first place. Either way, it appears what the Greys

don't have very much control over the genetic code of the hybrid created. The reason for this deduction comes from an analysis of the fact that abductions are occurring: If the Greys had advanced genetic engineering knowledge that they actively used to the extent that they appear to, then it would be plausible that they would be able to repair the errors in the genetic code as they appeared. This is contrary to the fact that abductions are occurring, and so other hypotheses must be made to account for this deviation from the expected.

One possible explanation is that the Greys do not do the genetic engineering themselves, but that the system is completely automated, with or without a supervisor. In this manner, the genetic engineering involved in combining both types of genetic code would be contained in a computer of some type, and would create a hybrid embryo from human ova or sperm, with the addition of Grey genetic material suitably modified to be compatible with Terran DNA. One possible method, which would explain the taking of both sperm and ova, would be the following scenario: The ova are modified only very slightly, to make sure of no compatibility problems with the new set of genetic code. The DNA from the human sperm is then removed, and replaced with the Grey genetic material modified to interact accordingly. The sperm is then allowed to combine with the ova, 'mixing' the two gene patterns, and if the code is viable, the resultant embryo grows and divides. At a certain time, the embryo would be put into stasis, by freezing or by another means, for storage, and implanted into a human female mother for further development whenever convenient. This scenario would circumvent the apparent 'hole' in the theory, and would explain why the Greys seem to have advanced genetic engineering technology at their disposal, yet be unable to repair errors in their genetic code, nor diversify their own code through such manipulation. They have either lost the knowledge sometime in the past, or simply used the knowledge that another civilization gave them, without understanding what exactly was going on.

## Hybrids resulting from encounters with aliens

The topic should of read...first experimental hybrids resulting from encounters with aliens after the end results of a war... It is said that during the mid-1940's, there was a battle being waged after a spacecraft crash landed somewhere in the isolated areas of the former Soviet Union. Within few days there were over 3 army divisions with a dozen or so battle hardened tanks which took part in a predawn raid against 4 of the so-called Greys (with their superior weapons and was shielded by some form of a force field) which the war raged on until the late afternoon, and towards the end, over 3,000 troops were killed along with all the tanks destroyed and among them were the aliens which succumb under calamity which led to their demise.

It is plausible that the military is keeping it underwraps to this day of doing secret experimentations of those dead alien corpses (under the watchful eyes of the secret government) of trying to fuse the alien DNA with human DNA's in a breeding program of developing somewhat of a next generations of super human beings that would evolve somewhat physiology (with self repairing anatomy) that could withstand the upcoming harsh environments under any conditions including anomalies where both induced mixtures of psychological and physical inductive reasoning is concerned (due to memory genes which is comparatively analogous with the alien genes that guesstimates with respect to progressional survivabilities with built in response systems of producing at the least amount of time akin to that of a European honeybee drone that mates with African queen bee and she produces many queens in which the the African queens are usually born a day or so before the European queens thus the end results is that the more aggressive species usually wins out that is specified in Darwin's Theory) in which the human counterparts cannot cope with it (due to a probability factors that it would be highly rejected), i.e., for example of seeing humans akin to that of ants foraging for food on a hot summer day atop a picnic table in which if you gave it a strong puff, the ants (in which the majority of the cases, many of them can hold their grounds without being blown off the table the very first time by using their natural instincts) under certain circumstances will usually let their guards down the second time if you gave it another puff from different angles due to their natural procivity like being caught in a hurricane and can sense it through heredity when it is going to start or to slow down or not and will somewhat be attuned with the laws of nature imbedded in their traits which is passed on through millions of years of evolutionary processes. The ones that can withstood their grounds (almost) everytime from many erratic puffs without being blown off which is one of the main objectives of the secret government is looking for in a unique types of heredity traits often found in different types of hybrids that can be controlled akin to that of certain types of lights the Greys avoids (like in a similar situations like if you have a can of bug spray like Raids made in the USA, and spray indirectly at the ants and once those ants gets a whiff and see how they reacts depending on how much concentration of chemicals they absorbed) which could plausibly have been built by a more advanced races(?) in which the secret government can control those human hybrids at will by turning the lights on and off like flipping a light switch.

## I am not a UFOlogist

I was asked whether I have my UFO footage analyzed by MUFON or so. I am aware that I might step on certain toes, but the point that I want to make is that any kind of researcher should be honest and not pretend to be the specialist if he is not. To convey information is good, but playing authority without decent base is bad. Well, here is my answer in red, to make sure that you understand that I am not an UFOlogist.

I have not submitted my UFO footage to any group or organization for analysis. In fact, I avoid such groups who call themselves by all kinds of esoteric hinges. Besides, many such groups are designed to make reports to be forgotten in the mass, altered by their own interpretations, disappeared or even denied.

I explicitly state that I am not a UFO specialist or researcher, simply because I have never been touching or flying a UFO by myself. How can someone call himself a car specialist if he never actually touched a car ? A geologist cannot be a geologist without touching a piece of rock or earth. A fish researcher cannot be a fish researcher without touching a piece of fish. An UFOlogist cannot be an UFOlogist without having had his/her hands on a real UFO.

So, in fact, all those MUFONs are PHOTO researchers, but *not* UFO researchers, because they only got their hands on photo pictures. They will never be able to tell you whether a picture actually does or does not represent a real UFO because they have never seen, touched or flown a real UFO in all details inside out. They cannot compare photos with reality because they don't have any reality reference. What hard true facts have they produced ?

Besides, if the MUFONs and the SETIs are there not to disinform, distract or confuse people, then why is it that their programme is such as only to allow reasoning within limits and rules that even cannot be defined because of complete lack of reality ? And what have the MUFONs and the SETIs *really* done for the truth seekers ? Answer : nothing, and they will never do.

UFOs, at least most of them, if not all ... , may very well originate from planet Earth. Reports stating that UFOs might have been around for hundreds of thousands of years, are not that foolish after all. Why, because ancient scriptures, such as the ancient Indian text called the 'Samarangana Sutradhara' containing the 'Vimaanika Shastra' that accurately describes for example invisibility and unaidability technology and a Mercury (plasma) fueled engine which is now used in the TR-3B to reduce weight (not mass) of the craft.

In fact, such an engine was built by Shivkar Bapuji Talpade, based on descriptions in the ancient Indian 'Rig Veda', which he demonstrated in Mumbai (Bombay), India in 1895. What happened after, is unknown to me at this point in time, but I will find out, as I have taken now the long road into the ancient science and technology that seems mistakenly taken for mystery or some sort of collection of theosophical allegories (such as Blavatsky's writings that need to be read with multiple interpretation keys, in fact, with the top head chakra opened up).

One thing is sure : socalled ancient symbols are not meant for something divine. These are scientific 3D models. Our own confusion about science and spirituality makes it all a mystery. In ancient time, science and spirituality were one and the same. But nowadays, mankind considers itself smart by separating and subdividing everything into predefined boxes, whereas the basis of such predefinition is not even well reasoned or defined, except for mis-educational purposes.

Let us not underestimate the (hidden) technologies that originate from Earth, and let us not simply dismiss anything that looks like a UFO to the world of extra terrestrial Aliens. It is equally likely that the whole scene about extra terrestrial Aliens and extra terrestrial UFOs is one huge hoax, successfully put into existence, just to shift our attention away from Terran UFO technology, keeping that above all secrets. Successfully, because Terrans just love to believe in the things that cannot be touched and Terrans just love to pass ununderstood responsibility to higher deities because that feels like the easy way out.

The stories about MJ-12, Roswell, Varghina, El Indio Guerrero, Gerado, and all the others, why is it that these have been kept so vague with contradictory data ? Answer : because it had to be that way. No single major event goes unplanned. Publicity, entertainment, news channels, and real-time events, all designed to fool mankind.

But yes, there have been and will be many UFO sightings. But what do we really see ? And how many invisible and unaudible crafts do we not notice ? Yes, there have been and will be abductions. But what do we really experience ? Yes, I have seen and filmed UFOs, those flying pearls in the blue daytime sky, but what have I really encountered ?

And the underground Alien bases on Earth, Moon and Mars, are they not simply Terran bases ? And the back engineering of Alien UFO crafts, are these crafts really from extra terrestrial origin ? Have these crafts not been conserved for millennia, to be dugged up again and reproduced ? Should we really believe that UFO technology on Earth is something from only the past 50 years, whilst it is also believed that Aliens are around for hundreds of thousands of years ? Doesn't make sense.

To speculate a bit, I wonder why it shouldn't be possible that Aliens might originate from Earth, i.e. are Terrans, having time-travelled to the future (Montauk time-travel project), went back in time bringing future technology and genetics (again Montauk project), engineered Terran genetic entities into Alien genetic entities (S-4), play the terrible games (see Grey Yellow Pages section) whilst knowing the future (that's why & how they have all under control), pretending to be real Aliens (UFO flight & crash shows and abductions), subcontracted by the Government for purposes of power. Quite a few things point into such direction.

But yes, the Government has and is interacting with Alien cultures.

The Government has captured Alien technology and has interacted with them to ensure a similar development of our technology along the same lines.

The Government maintains underground facilities, some of which are jointly occupied by Alien entities.

Manipulation of the Human species extends to very deep levels. Levels of Alien manipulation affect Human evolution, genetics, and planetary power structures.

Various entities that have non-terrestrial origin walk freely among us.

MJ-12/PI-40/54-12 Organizations did and do exist.

Animal and Human mutilation are being performed.

Abduction of Human beings occurs frequently.

Alien interaction with the Human community is having increasing impact on society.

At least 70 Alien species are interacting with planet Earth. About 5 Alien species having the most interaction.

Star Wars, SDI, Space Program, and the like, are public constructs behind which Black Projects are funded.

The US and Russia are collaborating in the field of Alien species.

Project 'Alternative-3' is true. Possibly there is also 'Alternative-4'.

Outspoken UFOlogists work undercover for the Government. Is there a MUFON or SETI in the room ?

Through the media, the public is getting acclimated to the idea of reinforcement of the World Order, and to the existence of Aliens among us, and to de-Humanization. The Control Groups are the Illuminati, the Bilderbergers, the Council of Foreign Relations, the Trilateral Commission, the CIA, the FBI, the NSA, the NRO, the Military, the Federal Reserve, to mention the major players.

Mind Control is actively used both by Aliens and the Government. Aliens manipulate Terrans for their own purposes. The Government manipulate Terrans for destructive operations.

If so-called top-secrets are revealed, then that is planned to be. So what is hard truth ? It seems that the only truth is a lie, as a means for real truth to persist under the cover of expensive revealing. Usually the games are explained once they are over. Not before. And maybe, maybe, the whole subject of Aliens and UFOs is just a game too, to keep people so busy that their attention is completely diverted from a real truth ... that we are not allowed to know.

For me, hard proof is a series of clear detailed pictures (photographs or film/video) that can be interpreted in only one way. Although I have published some UFO pictures, none of them (including my own) are absolutely clear and single interpretable. They could be anything.

Remember, shifting attention is the greatest weapon against discovery of hard truth. We are living in a world crammed with lies, where honesty and truth seems a threat to the Governments and their covert factions. The Government thinks that the public cannot handle the truth. Yes, it may be true indeed, but the Government forgets that it is because it is not truth that is shocking. It is the unveiling of lies that is shocking.

## Mars landing 1946 by German-Japanese

"Terziski also stated that a joint German-Japanese 'suicide' volunteer crew utilizing this 'confiscated' Illuminati 'free-energy' technology-a Hanz-Kohler converter powered 'Dreadnaut', a giant craft approximately 230 feet in diameter-landed on Mars in mid-January, 1946 after 8 months of heavy flight."

"He did not say what became of this expedition, but he did state that the German Illuminati had established a base on the moon and planted their swastika flags there years before the Apollo program. Terziski also stated that a 'secret' joint American-Russian space program ## behind-the-scenes of the public program-had landed men on the moon BEFORE the Apollo flights as well, and had discovered the "ex-Nazi" base already in existence there."

The Germans landed on the Moon as early as probably 1942, utilizing their larger exoatmospheric rocket saucers of the Miethe and Schriever type. The Miethe rocket craft was built in diameters of 15 and 50 meters, and the Schriever Walter turbine powered craft was designed as an interplanetary exploration vehicle. It had a diameter of 60 meters, had 10 stories of crew compartments, and stood 45 meters high.

In my extensive research of dissident American theories about the physical conditions on the Moon I have proved beyond the shadow of a doubt that there is atmosphere, water and vegetation on the Moon, and that man does not need a space suit to walk on the Moon. A pair of jeans, a pullover and sneakers are just about enough. Everything NASA has told the world about the Moon is a lie and it was done to keep the exclusivity of the club from joinings by the third world countries. All these physical conditions make it a lot more easier to build a Moon base.

Ever since their first day of landing on the Moon, the Germans started boring -and tunneling under the surface, and by the end of the war there was a small Nazi research base on the Moon. The free energy tachyon drive craft of the Haunibu-1 and 2 type were used after 1944 to haul people," materiel and the first robots to the construction site on the Moon. When Russians and Americans secretly landed jointly on the Moon in the early fifties with their own saucers, they spent their first night there as guests of the .... Nazi underground base. In the sixties a massive Russian - American base had been built on the Moon, that now has a population of 40,000 people, as the rumor goes. After the end of the war in May 1945, the Germans continued their space effort from their south polar colony of Neu Schwabenland.

GERMAN-JAPANESE MILITARY R&D COOPERATION:

According to Renato Vesco again, Germany was sharing a great deal of the advances in weaponry with their allies the Italians during the war. At the Fiat experimental facility at lake La Garda, a facility that fittingly bore the name of air marshal Hermann Goering, the Italians were experimenting with numerous advanced weapons, rockets and airplanes, created in Germany. In a similar fashion, the Germans kept a close contact with the Japanese military establishment and were supplying it with many advanced weapons. I have discovered for example a photo of a copy of the manned version of the V-1 - the Reichenberg - produced in Japan by Mitsubishi. The best fighter in the world - the push-pull twin propeller Domier-335 was duplicated at the Kawashima works. Or a photo of Japanese high ranking Imperial navy officers inspecting the latest German radar station.

#### GERMAN-JAPANESE FLIGHT TO THE MOON AND MARS IN 1945-46:

According to the authors of the underground German documentary movie from the Thule society, the only produced craft of the Haunibu-3 type - the 74 meter diameter naval warfare dreadnought - was chosen for the most courageous mission of this whole century - the trip to Mars. The craft was of saucer shape, had the bigger Andromeda tachyon drives, and was armed with four triple gun turrets of large naval caliber (three inverted upside down and attached to the underside of the craft, and the fourth on top of the crew compartments).

A volunteer suicide crew of Germans and Japanese was chosen, because everybody knew that this journey was a one-way journey with no return. The large intensity of the electro-magnetogravitic fields and the inferior quality of the metal alloys used then for the structural elements of the drive, was causing the metal to fatigue and get very brittle only after a few months of work of the drive. The flight to Mars departed from Germany one month before the war ended - in April 1945.

It was probably a large crew, numbering in the hundreds, because of the low level of automation and electronic controls inside the saucer. Most of the systems of the craft had to be operated like these on a U-boat of that time - manually. Because the structurally weakened tachyon drives were not working with full power and not all the time, the trip to Mars took almost 8 months to accomplish. An initial short trust towards Mars was probably used the strong gravitational field close to Earth, after that the craft was "coasting" for 8 months in an elliptical orbit to Mars with its main drives turned off. Later trips to Mars by the joint Soviet - American craft in 1952 and by the Vatican craft of the Marconi project from Argentina in 1956 reached Mars in only 2 - 3 days, because their drives were working during the whole flight: accelerating in the first half and decelerating in the second. Smaller Kohler converters were probably used to power the systems and life support equipment on board.

After a heavy, almost crashing landing, the saucer slammed to a stop, damaging irreparably its drives, but saving the crew. That happened in the middle of January 1946. The crash landing on Mars was not only due to the crippled tachyon drives of the craft - it was also due to the smaller gravitational field of Mars generating less power for the tachyon drives; and also due to the thinner atmosphere on Mars, that could not be used as effectively for air breaking as the Earth's atmosphere could. The craft was shaped as a giant saucer - a form that is very efficient as an air brake, when it is entered into the atmosphere with its huge cross section perpendicular to the trajectory of descent.

The radio message with the mixed news was received by the German underground space control center in Neu Schwabenland and by their research base on the Moon.

### **aryan ufo base-211 antarctic**

#### **Aryan UFOs and Antarctic Bases**

Germans were very close to solving the mystery

Much has been said about the UFO developments of the Third Reich; however, some important questions still remain. Were the Germans actually successful with these developments or not? According to some sources, an UFO crashed near the city of Freiburg in 1936. The UFO was found, and it's likely that German scientists with the assistance of Schutzstaffel (SS) managed to repair and even test the UFO-s energy system and propulsion systems.

However, all attempts to reproduce the alien technology failed. That is why there was only one variant of the flying apparatus. Representatives of three occult societies, Tule, Vrill, and Ahnenerbe, ran those projects.

For five years, the Germans carried out work for the creation of a secret project code-named Base-211. This has been determined by several independent experts. By the end of WWII, the Germans already had nine scientific enterprises where flying disk projects were tested. Many scientists are positive that at least one of these Third Reich enterprises was transferred to the Antarctic.

Famous researchers of the Third Reich-s Antarctic mysteries, R. Vesko, V. Terziysky, and D. Childress, claim that from 1942, thousands of concentration camp prisoners, prominent scientists, pilots, politicians with their families, and members of the Hitlerjugend were taken to the South Pole via submarine. Some scientists believe that a German base still remains in the Antarctic. Moreover, it is even said that there is an underground Aryan city called New Berlin, which has a population of two million people.

It is claimed that population of this city researches genetic engineering and space technology. UFOs have been witnessed several times near the South Pole, which is an indirect confirmation of the base-s existence there. In 1976, with the help of the latest technology, the Japanese managed to detect nineteen round objects at the same time; the objects dived from space to the Antarctic and disappeared from the radar screens.

In 1927, an expedition of the famous English archeologist Albert Mitchell-Hedges discovered crystal

skulls in Central America. The clearing of the ancient Mayan city in the tropical jungles of the Yucatan peninsula (it-s today-s Belize) in 1924 preceded the discovery.

It was decided to burn down thirty three hectares of forests that covered the ancient buildings. When the smoke finally lifted, the expedition saw an unbelievable scene: stone ruins of a pyramid, of the city walls, and an enormous amphitheater that could hold up to several thousands spectators. During the excavation of the ruins, Mitchell-Hedges discovered the crystal skulls. His find became the most mysterious discovery of the 20th century.

The skulls were brought to a Brazilian museum. In 1943, after an attempt to liberate the skulls, German Ahnenerbe agents were detained. during their interrogation, the agents confessed that they had been sent to South America with the special task of finding the crystal skulls of the Goddess of Death. Several more groups were sent there with the same task. Although the majority of them were detained, it is not ruled out some of the agents were successful.

The seizing of the rare discoveries was directed by Karl Maria Willigut, a black magician with a large influence on high-ranking Nazi officials. He evinced particular interest in the magic methods used by the Altantis pagan priests. The nazis hoped that those knowledge of the progenitrix of the Aryan race would help them create the superman.

Today, some investigators suggest that the discovered crystal skulls were made in Atlantis and were saved by a miracle. If this is so, then it is clear why SS was so interested in the skulls.

## Mars landing 1962 by US International

On the 22nd May 1962, a crew of Americans and Internationals landed, as passengers in a UFO craft, on planet Mars. These pictures are snapshots of a second generation video recording. The film was taken through one of the portholes in the upper deck of the UFO craft, and shows the Martian landscape.

At the Martian landing site, it was reported 4 degrees Celsius, 21 km/h wind, 707 millibar air pressure. The Terran crew noticed moles moving at the Martian surface and reported animal life. Interesting to see the blue sky and water.

This event has been kept as the big secret of Alternative3. And still is. Alternative3 is a plan for 3 possibilities to escape from the climatic catastrophe. One of the alternatives is go live on another planet, for the top guys only. There are already some huge bases on Mars. A planet with lots of water and blue sky, as you can see.

## Men in Black

Men in Black are sent out from time to time to quiet people down about UFOs for whatever reason the aliens have. However, their true role in alien society is that of enforcer.

Yes, they may be wearing impeccable black suits, sunglasses (day and night), black shoes, like being ready to go for a gala night, in black cars

The main force of MIB, the elite named Bra Di San, seems to have disappeared and presumed lost. But the MIBs are still around.

These Men in Black are raw human beings bred for killing. They are highly intelligent, fast, strong, and they are basically genetic engineered humans that the Aliens have created into superhuman after thousands of years of breeding for top human qualities.

They have a role on the ET homeworld similar to that of the Janassiares of the old Ottoman empire, foreign elite soldiers.

The Men in Black also operate against rival forces such as the Alpha Illuminatis, US Government, various factions, and so on. They ambush or raid bases killing everyone they come into contact with.

All this is done for various strategic reasons, such as gaining information or elimination of important life.

The Men in Black mutilate bodies, tear heads from children, torture with the crudest of instruments. They are no longer men but beasts and the message they send is very clear. They are to be feared.

According to some other sources, Men in Black belong to a group that is an off-world one. They monitor conditions on the planet. They are not physical beings, but they can become solid.

It seems there are various 'races' of Men In Black. Not surprising, as the genetically engineered MIBs must not be of a single kind, to ensure maximum survival for the total MIB species. So there are also reptilians that are covered with a (temporary) human pale skin, usually having very dark eyes that do not show the slightest personality or charisma. Their facial expression is expressionless, and looking in their eyes would give you a feeling like looking into an emptiness. But at the same time they do make their presence felt.

The so-called "black helicopters" have nothing to do with the MIB. These choppers are managed by the Army. It is a super secret group that have bases all over the United States. They have bases near Sedona, in Connecticut and in Newark, New Jersey. The black helicopters have no markings and are used for operations involving drug smuggling, mutilations and security for Alien related operations and projects.

### An event

For example in 1999 in Utah, a group of operatives had an infiltration group within Area-99, a super secret base (and not the conference party hall). One of the operatives was coming to the rendezvous

site a little after 100 hrs and he noticed part of the wall had been collapsed upon the security van outside of the structure. He pulled his firearm and proceeded into the building whereupon he would find all six of his compatriots decapitated with railroad spikes through there foreheads. Their bodies were drawn and quartered and the arms and legs had been rearranged so none had their correct parts near their body.

All information that this group of operatives had gathered over the past 6 months had been taken.

If highly trained and armed operatives get tortured and killed by the MIBs, what about the "normal" civilians ? The hidden war, that the news channels never talk about, is very real, and no one is really safe.

They don't think like us at all they are totally different. In fact we don't really get how they think. Its erratic, incongruent, they don't operate the same way twice. Its hard for even me to understand and I've been dealing with it for my whole life. They definitely don't come with any kind of message, although their priests follow a liturgy close to Christianity so they speak alot of peace and things along that line. For the most part I believe the aliens are a good species who just want to know where they come from and I admire their constant quest to do so, but they have their terrible individuals just like we do. They aren't innocent beings by any stretch they can be cruel without even understanding that they are so, they are foolish creatures caught in a universe that has abandoned them and though they have found a friend out their in us, we have are heartless to that has exacted terror upon their people as they have ours. The universe is like a yo-yo the harder you throw it down the harder it comes back. It is therefore logical to just let the yo-yo fall and let it dangle so as to live without pain and retribution.

## OSIR (a very short brief summary)

The OSIR (Office of Scientific Investigations and Research) where its headquarters is based on the east side of the capital building in Washington, D.C.

Their main objectives is to study and document all unusual occurrences and paranormal activities throughout the world. They usually gets their informations from the higherup from their headquarters to pinpoint certain unusual happenings, events etc., and gets additional informations indirectly from FEMA (Federal Emergency Management Agency) that keep tabs on anything that enters the Earth's atmosphere, and other agencies that monitors bizarre incidents, or anything which goes against the normal grain no matter how absurd it maybe. [[[I know that there is at least one or maybe two files on me, in which those case files are still open]]] Many at times, they would usually comes in conflict with the US military and other agencies due to their unique prowling techniques including the usage of remote viewers and other highly talented psychics to sustain certain advantages over their friendly adversaries. For example, if a UFO crashed landed somewhere in the dense forest of USA a few miles from a heavily populated area, the highly specialized US military unit designated for that particular tasks would cordon off the areas from all intruders or prying eyes (mostly from the civilian populace), but many at times the members of the OSIR doing field work usually finds the aliens before the military does which thus leads to some sort of confrontation in which the US military would accuse the OSIR of invasive maneuvers, which eventually at the end is resolved (with many grudges on the part of the military) when few members of the OSIR would help the helpless aliens (probably due to injuries sustained during the crash) escape before the military can capture the aliens and take them to a restricted location where they can start experimenting on those aliens in secret. The OSIR also investigates in areas that the US military and other intellegencies would not dare touch due to its highly sensitive nature. It is said that the OSIR is under the wings of the secret government, and thus at the end, if their investigations comes in conflict with the US military and other agencies, OSIR usually has the say so at the end.

## Undercover Agent Alien flea

Note:

[[[I know that I have at least one or maybe two files under the OSIR (Office Of Scientific Investigations and Research) documents. See [www.psi-factor.com](http://www.psi-factor.com) if you enjoy watching television alot]] Is it quite plausible that some existing members of the secret government could have a mortal life? Just come to think of it as this way, if some scientist from around the world working together already mapped out approximately 97% of the chromosomes genetic material and the remaining 3% is still up in the air due to present technologies which prevents those scientist from analyzing the remaining 3% which could reveal as much as 227 genes. It is possible that the secret government already mapped out the whole 100% of the human genome due to picking the minds of those scientists and others around the globe with added amenities. Maybe the secret government (in the inner circles in which only a few selected members) already found secret formula for the fountain of youth where their internal organs does not age whatsoever with added amenities, thus one day could equates to 600 human years. It is said that during the Ortega (who was former leader of FSLN) era in the 1980's, there was a mercenary for the CIA, who ate certain type of South American food, and he died instantly, and through the autopsy, astounded medical surgeons found that he was approximately 200 years old(in which I do not know his name but it is out there in the internet somewhere) and was born in France around 1800's (and even fought for the Confederacy during the American Civil War from 1861-1865

during the time he was only slightly wounded and healed alot faster than his comrades which puzzled the doctors), in which the secret government preserved his body in cryogenics while they are deciphering the deceased genetic codes (which I would not doubt it that it already has been broken through their highly advanced combined with alien technologies). Even near the end of WWII in one of those isolated islands based somewhere in the South Pacific, the Nazis did some weird experimentations on the living dead (based on Frankenstein's theory who really existed) revived the corpses even though they were all brain dead of trying to make those Zombies into fighting machines, but the experiment failed. The secret government picked it up where the Nazis left off and used the dead American troops during Vietnam war in the late 1960's and used them against the Viet Congs and others which was partially successful (but things went wrong when those Zombies indiscriminately started killing not just the enemies like the Viet Congs, NVA (North Vietnamese Army) but their own (American) troops and their allies and had to scrap the whole operation with added pressure due to few correspondents somehow got a whiff from various sources due to leakage coming from those horrid experimentations in which those correspondents were killed off as friendly fire and or was in line of fire, but the word still got around. It may sound absurd, but vampires and werewolves actually do exists and are stored in many of those documented OSIR files, based in Washington, D.C. Every employees especially doing the field work for the OSIR have at least one or more Ph.D's in their occupational fields. Based on all the informations gathered from genetics (including obtaining various info's of all the gnomes the aliens have gathered from various species have stored in their own version of a supercomputer), it pretty much plausible that the most important inner circle members of the secret government might live forever, who knows, after all we the populace of the world are just pawns who are all expendable when it come to businesses or anything related to it.

## Prison Planets

There are planets throughout the galaxy where people have been sent because they didn't fit into the social order. Those in conflict with very tight social orders, such as were mentioned in "Brave New World" and "1984", can be classified as follows: (1) criminals, (2) tax cheaters, (3) sexual deviates, (4) political revolutionaries, (5) creative people, such as artists and inventors, and (6) prisoners of war from intra or inter galactic warfare.

These folks that don't fit in were sent off to prison planets, and before they are sent they were heavily implanted so that they couldn't remember anything. This activity is still going on. There are small between-lives implanting stations on and close by the prison planets, to make sure that everyone stays there and to make sure no one figures out it is a prison. Nobody is allowed to leave, through many supposedly workable methods. People were told all about religion under very heavy pain and duress, and thus the 'born again' class of fanaticism is unshakeable, and is not handleable technically except as a heavy engram. They were also told under duress that if they exteriorize and leave planet earth, they will be picked up and beamed back here by a frequency that has been installed on them. Actually, none of that is true, anymore than fanatical religion is. These people are prisoners-unto-themselves, by their own beliefs only. A prison without guards is very cheap to run. You just implant these people with split personalities, to guard themselves, and it works very well. This technique was perfected 212,494,621 years ago, and has been used since, "to ship the trash out of the Galactic Confederation."

Earth is one of the prison planets. Therefore we have a sort of unusual society here of about 170 different cultures.

Thus earth is a fishbowl representation of the different societies, cultures, civilisations, activities, and ideas that exist throughout the galaxy. Prison planets evolve up through the normal social cycle of caveman to nuclear age very rapidly, because their population contains a higher than normal percentage of creative rebels. It is very easy to see these 6 types of people out in society. It is quite difficult to find anything else below the surface on earthlings. You also hear a lot of hostility and/or hoopla about how the "higher forces" that put us here is really a good deal. I fail to find that funny, or rational. It is not a good deal to be living in a prison, only. You could still live here, and it not be a prison for you, and then it is a lot of fun. All that is necessary is to get the area processed. The hottest material on this dates at only 14,020 years ago. Christianity was a great religion before 14,020 years ago, as was Hinduism. They both have been kiss-anothers-feet since. It is no accident that in the study of "military science" it is undeniably stressed that more people have been killed, and more wars fought because of religion, than property rights, trade routes, greed, power, and insanity and hunger combined. Religion is the grossest area of psychosis addressable on anything that breathes. The reason for such feelings and irrational conduct is religion was used in the breaking of the people's wills under torture. You would be wise to not challenge a person's strongly held beliefs, for such things were welded into the people when they were murdered. When there are 'very hard times' with starvation, blood, and disease in the streets people instinctively look for the leaders of any and all odd and normal religions, and when they find them, they kill them all, to release this very old and very fundamentally held hate.

I should warn you that religion is not restricted to talk about Big Dad, and being kind to the neighbours. It is any closely held, strong emotional belief, that a person is willing to diminish another to defend. There are people with religious feelings about autos, dollars, body practices, marriage, others responsibilities to them. You are begging for a knife in your throat if you attack one of these outside of session. If you are connected to a strongly religious type, you may wish to get that cleaned up on them, keeping the issue out of the space or closing off the connection.

Implanted electrical energy directed at one is hard on one's body. Death flows get old, and can take the music out of the sunlight, life should be. Auditing is the only decent solution for the crap promoted as religion. Being willing to diminish one's neighbours is the anti-thesis of legitimate religion, which has had a long time coming. I am trying to put it on the map again, possibly by recall.

### This Solar System

At this time, it appears that earth is the only planet that is inhabited. In auditing you may come up with incidents involving life on Mars and Venus. Venus polluted itself to death, and Mars blew itself to death in war. This is not hard to deduce scientifically. It is possible that the preclear has lived on other planets at other times. Whatever your preclear comes up with in session you are supposed to duplicate and acknowledge. There used to be another planet in this system that is now an asteroid belt. The conversion was the result of war. This system has been invaded a number of times. The most recent warfare between exterrestrial groups was about 2000 BC between the 5th and 4th Invaders. The 4th Invaders successfully prevented the 5th from taking over the place. Fourth Invader uniforms looked very much like police uniforms, while the 5th Invader's looked like army uniforms. One shouldn't be overly concerned with what your preclear comes up with regarding this solar system. Just listen and acknowledge. A lot has happened here. Yet it is a rather remote and insignificant solar system, from a galactic point of view. It is actually older than 5 billion years, but only slightly. It has been around a while and will be here a while longer. It is not unlike other solar systems throughout this "Milky Way Galaxy". Once adequate exploration is made of Mars and Venus, the evidence of prior civilisations will be bountiful, as it will be on Jupiter, and the moons of Jupiter, and even on Uranus, as there is in Egypt.

## Project Pebblestone saved Earth from comet

The Comet Hale-Bopp also caused quite a commotion as to what was going on. This is what truly happened. The comet was supposed to pass right by us (in astrological terms) a very close brush with the planet Earth. What was discovered by the Air force and the Department of the Navy was that the comet was heading right for us.

To redirect the comet, project "Pebblestone" (the current Air force equivalent to the Department of the Navy's Montauk project) was used. In conjunction with the corporation of most of the world governments [they] were trying to redirect the comet using "particle beams" which we generated from here on Earth. The comet was moved, but then seemed to redirect itself back towards the Earth. It was determined that there was indeed an alien ship directing the comet directly towards Earth.

If it had hit the Earth it would have caused a "nuclear winter" and wiped out the human race with in 5 years. So, with the corporation of project "Pebblestone" and the Department of the Navy, a time hole was opened in front of the comet causing it to pass directly around (or through) if you will the Earth.

The purpose of the comet was indeed to wipe out us, the humans, as well as most of the life on Earth. Who was in the alien ship was not known to us or to any one of the half a dozen alien species which are already here. The act was definitely one of aggression, as the alien's (who ever they were) were trying to "teraform" the planet for their own usage as the comet contained large amounts of "methane". This is what the top organization who actually runs the planet Earth concluded. An organization made up of a counsel of half humans and the other half made up of various alien races who's name is so secret it has NEVER been mentioned ANYWHERE in print. So they destroyed the alien ship using a top secret Anti-matter bomb (as some say).

The mass suicide's in Rancho Santa Fe (San Diego) where 39 people killed themselves because they believed there was a alien ship coming behind the Hale-Bopp comet were absolutely correct. They were not correct, however, in believing that the aliens were coming to bring us to a "higher form of human existence". They were in fact coming to destroy us!

Camp Hero is where the Department of the Navy has reopened the Montauk facility and is currently working with a variety of different species of aliens on a variety of covert projects (located in Montauk Long Island).

The MELBOURNE SUN (Melbourne, Victoria, Australia), August 25, 1954 issue, carried an article titled "THE NEW SATELLITES", which stated: "Two meteors (asteroids?) had become satellites of the earth and WERE REVOLVING WITH IT 400 to 600 miles out in space, the latest issue of the American Magazine 'AVIATION WEEK' said yesterday. The magazine said that the discovery of the satellites threw the air force into confusion this summer. Alarm over the sightings ended only after they had been identified as natural rather than manmade."

Another possibility may be that they were both 'engineered' natural objects such as hollowed-out asteroids taken from the asteroid belt. The simultaneous arrival of two large asteroids, combined with the fact that both took up a geo-synchronous (synchronized with the revolving of the earth and positioned always over a particular geographical location) orbit, would be an incredible 'coincidence' indeed.

## PsyOps Tech used to project UFOs

One of the reasons why so-called extra terrestrial alien UFOs have never been publicly photographed in much detail, only as soundless vague objects of light, could be that those presumed crafts were simply holographic projections.

Holographic projection involves projection of a 3-dimensional image in the air. It is known that the Pentagon had listed the holographic projections openly as part of its non-lethal weapons program. But since 1994, the program has disappeared from view. This means that it has become a black program, so to speak, an effort which is denied.

The Army's JFK Special Warfare Center and School in late 1991 disclosed that it was looking to develop a PSYOPS Hologram System with a capability to project persuasive messages and 3-dimensional pictures of any object (even UFOs and religious visual appearances). The use of holograms as a persuasive message will have worldwide application, according to said institute.

Another non-lethal weapon is involving psychotronic wave radiation, as discussed in the previous chapter. So, the holographic technology takes care for the visual decoy, and the psychotronic technology takes care for the mental decoy. These two technologies combined are a perfect tool to mock-up UFOs, including weird experiences, such as Oz-effect, time confusion, abduction sentiment, and so forth.

In other words, most UFOs that appear in the skies, may very well be holographic projections, and most abductions by Aliens, if not all, may very well be mind projections. And that possibly includes my own UFO sighting. Besides, why would Aliens show themselves and show their UFOs, whilst they know that it would jeopardize their presence? Terran secret crafts, such as the TR-3B do fly around, and are mistakingly seen for extra terrestrial UFOs. And that is exactly what the Government want us to believe.

So it is quite likely that such holographic and mind projections are used to shift people's attention such as to have the public discrediting Terran (Area-51, etc.) efforts to produce new technology. In this way the secrecy of Terran efforts has become more effective. So in the meantime the engineering, construction and operation of exotic crafts can quietly go on.

But ... let us not rule out the ultra top secret Phantom Technology, mentioned elsewhere in this site. This light bending stealth technology could very well explain the blurry "UFOs".

## SOHO did not detect Space War

LASCO published some interesting pictures of the Sun. These images were brought to my attention by someone who thinks there are UFO battles going on.

Remark : the disk in the center (see pictures below) is to shield the telescope optics from direct sun light and make the corona visible, and the left diagonal bar holds that center disk in place.

Concerning the image, to my knowledge, the images represent ultra violet recordings of coronal particles or solar wind, within a certain shutter time. Anything white is in the ultra violet bandwidth.

For example that UFO-like object on the 2nd and 4th picture might look like a UFO. It is a diffraction, as it is in the same UV bandwidth. The other UFO-like dots and streaks are nOt UFOs or cheew-cheew laser beams, neither are they signs of Nostradamus prophecies or Zeta talks.

It is true that from the Space Shuttle similar captions have been made, and some believe it to show a war that is going on out there in space.

(Images copyright © NASA or LASCO/SOHO team, Interferometrics/Naval Research Lab)

At first I thought that the idea of a possible Alien space war near the Sun would be nothing but something for science fiction lovers. But on 18 January 2001, an Australian newspaper wrote and published :

"UFO on NASA camera"

By Tim Upton

"Washington : The object is certainly unidentified and appears to be flying. Whether this enlarged image really shows a UFO piloted by aliens remains to be seen. But according to the people who released it, this photo and hundreds like it, is the best evidence yet of the existence of spacecraft from other worlds.

UFO investigators say the image was captured by the Solar and Heliospheric Observatory - SOHO - a NASA satellite that was launched in 1996 to observe the Sun. Since then, it is said, SOHO has captured hundreds of images of UFOs movements along a kind of alien superhighway.

SOHO is more than 1.5 million kilometers from Earth, with its camera trained towards the Sun. Experts say that the photographed objects are likely to be only hundreds of kilometers from its lenses.

Graham Birdsall, editor of UFO Magazine said : 'The images are irrefutable in that they are from official satellites owned by NASA. They resemble the kind of spacecraft we used to see in sci-fi films, like Star Trek.' "

Whether or not 'official' satellites and stuff are used to capture all these images, if you take a good look, then you will notice that any socalled 'UFO' is only seen from sideview. I do not see a single object seen from top or botton or even halfway side-top or so. In other words, it is not proven that these objects are disk shaped, neither that they are space-crafts. Most likely some reflection from a sensor of the satellite itself.

I remain with the clear understanding that the SOHO satellite captures images in specific bandwidths of light, in particular the ultra-violet bandwidth, and therefore "sees" things different. So, apparent objects could be simply deviations of light in the UV band, and not at all UFOs. A matter of reasonable scientific interpretation.

Besides, any Alien space war near our Sun should have quite some motive. So if there is indeed such space war going on, could our intelligent UFO investigators please tell us what the motives and objectives are, rather than startrekking about vague assumptions ?

Let's forget about Seti, Zeta and Soho, because it leads us to nowhere but sand in the eyes. There is not a single UFO investigator who has actually touched or flown a real UFO, and therefore not a single UFO investigator has any point of reference with reality. All they do is to compare photographs with photographs. They don't have any experience with the real thing, and therefore you should not listen to them. What is written in books and newspapers by the 'experts' isn't necessarily true. Always ask the source : "Have you been there, seen it, touched it, interacted with it ?".

## Some MIB activities

The following excerpts were taken from Antonio Huneeus' article, "THE 'CHUPAS'-UFO HORROR STORIES FROM BRAZIL", which appeared in the Summer, 1994 issue of UFO UNIVERSE:

(Mr. Huneeus describes the following incident that was investigated by APEX [Association of Extraterrestrial Investigations] in Sao Paulo, one of the best known UFO groups in Brazil, founded by Dr. Max Berezowsky):

"...The affair began near Vitoria, the capitol of state of Espiritu Santo north of Rio state, where there are beaches rich in mineral contents. It happened either in late 1979 or early 1980, [Osni] Schwarz wasn't sure when he told the story in 1986.

"A youngster called Aeromar sold beverages at the beach, where one day he encountered three men dressed with suits and tie-highly unusual clothing for the beach, especially in Brazil, who approached him and said they wanted to talk to him. Aero-mar became scared, thinking they were perhaps policemen who wanted to implicate him in a drug case, so he avoided the beach for a few days. As he returned home after dropping off his girlfriend one night, he saw a car with the same three men inside. He ran to the house, but suddenly he couldn't hear well. His mother took him to the hospital where he was not cured, although about a month later he suddenly could hear well again.

"Aeromar moved to Rio, finding work at a bakery in a shift between 4 and 11 PM. One night, as he was crossing one of the many tunnels that link the Rio bays, he saw two of the MIBs walking in his direction. The youngster ran in the opposite direction, only to find the third MIB waiting at a bus stop. He escaped and went back to the bakery, where he told his boss that the Vitoria police were chasing him. The boss accompanied him to the nearest police station to make a complaint, which he did, but he was not believed. The boss then convinced him that he should perhaps move to Sao Paulo, a bigger city where it may be easier to go unnoticed.

"So Aeromar moved to Sao Paulo, finding work in an electrical company and sharing a room with another man. he also became friends with a vendor of beverages from Vitoria who had a stand near a movie theater. While hanging out there one night, a car stopped right in front of the stand and the door opened.

"Even though he didn't want to go, Aeromar LOST HIS WILL and entered the car. The door closed and he found inside- not surprisingly-the three same men whom he had been dodging for months. They drove for a while, leaving the city and entering a wooded area.

"The car stopped and they all walked up to a big UFO surrounded by some sort of luminous ring and hovering above the ground. The men walked underneath the craft, which emitted a ray of light and they suddenly were inside. Still drained of any willpower, Aeromar walked to a chair and sat down. From the arms of the chair appeared handles that secured his wrists. An iron bar then pressed his forehead backwards while another gadget fast-ened his neck. Up to here the men were always dressed with suits, but at this point an incredible transformation took place: the MIB'S HEAD RIPPED OPENED INTO A HEART SHAPE AND THE SKIN BECAME GREEN AND SCALED LIKE A REPTILIAN. Take into account that while the popular image of the MIB was well known 14 years ago, the idea of reptilian abductors was then not in vogue as nowadays.

"Be that as it may, the UFO-nauts proceeded to (vocally? - Branton) interrogate and tell him things that

were going to happen both to him and the earth. To make the story even more 'Hollywoodesque', a door in the room opened at one point and Aeromar was able to peek at HUMAN CORPSES HANGING BY THEIR FEET FROM HOOKS. The man naturally became traumatized, rerecalling only that his straps were loosened. Everything went blank after that...

"Aeromar's conscious recollection places him next back at the theater, but several hours later since there was no traffic in the streets. He returned to his room in panic and began to tell the story to his roommate. A strange force PUSHED HIS BODY, however, throwing it AGAINST THE WALL in front of him, as he remembered the aliens had told him that he shouldn't speak about the experience or he would suffer. Aeromar cried for a while, not knowing what to do. A few days later, his friend contacted the Globo TV network, which was working on a UFO documentary. Globo, in turn, passed the tip to Dr. Max Berezowsky. Aeromar and his roommate went to APEX on a very busy day when the office was full of people. They told the whole story to Dr. Berezowsky and a few assistants, Osni Schwarz among them.

"Berezowsky attempted to do hypnotic regression with the witness, but there was too much interference in the office and Aeromar was in total panic. He was saying that 'they' were going to take him on the next Thursday and that a UFO was going to land in a Sao Paulo neighborhood on Tuesday night. A crowd of people, in fact, went that night to the supposed landing site but nothing happened. Although Dr. Berezowsky was in touch with Aeromar, HE VANISHED A FEW DAYS LATER AND NOBODY EVER SAW HIM AGAIN> I wrote down at the end of my notes on this affair, 'the whole case is like a UFO horror movie.'"

There have been occasional reports of 'possible' reptilian hominoids masquerading as human-like beings, such as the 'alien' described on p. 109 of John Keel's book 'THE MOTHMAN PROPHECIES':

"I am an amateur herpetologist and once kept three-fanged cobras in my New York apartment... until my concerned neighbors squealed to the Board of Health. SOME OF THE DESCRIPTIONS OF THE ENTITIES IMPRESSED ME AS RESEMBLING SOME KIND OF REPTILE RATHER THAN HUMAN MAMMALS. I didn't mention the reptile notion to anyone. But on July 24, Lia (an alleged alien tied-in with the Men In Black) visited Jane (a contactee) and refused to talk about anything but eggs. She took some eggs from Jane's refrigerator and sucked out the contents like a reptile! Jane was perplexed by this exhibition and called me soon afterward."

And on pp. 176-177 of Signet's 1975 paperback edition of 'MOTHPHENS', in reference to this same 'contactee', Keel states:

"...Meanwhile, Jane's phantom friends were visiting her daily and helpfully giving her surprising information about my own 'secret' investigations. My interview with the Christiansens of Cape May, and the details of their pill-popping visitor, Tiny, was then known only to a few trusted people like Ivan Sanderson. But on June 12, Mr. Apol and his friends (including the being that called itself 'Lia', referred to above - Branton) visited Jane when she was alone in her house and asked for water so they could take some pills. Then they presented her with three of the same pills, told her to take one at that moment, and to take one other in two days. The third pill, they said, was for her to analyze to assure herself it was harmless. They undoubtedly knew she would turn it over to me. Two hours after she took the first pill she came down with a blinding headache, her eyes became bloodshot,

and her vision in her right eye was affected. When her parents came home they expressed concern because her eyes were glassy and her right eye seemed to have a cast. The sample pill proved to be a

SULFA DRUG normally prescribed for infections of the urinary tract..."

- **Note:**

The following are excerpts from an article from the LOS ANGELES TIMES, Sept. 9, 1994 issue - Section E, front page (title:

"APOCALYPSE NOW", by Roy Rivenberg, Times Staff Writer):

"...Folklore scholar Ted Daniels founded MILLENNIAL PROPHECY REPORT, a newsletter that tracks predictions of the apocalypse. He says most prophecies include divine or cosmic power that wipes out evil and ushers in an era of peace.

"It's Millennium Time, and Doomsday man (a.k.a.) Ted

Daniels is busy sifting through predictions about the end of the world

"...'the Hollow Earth People'... believe leftover NAZIS from World War II are hiding in SECRET, SUBTERRANEAN CITIES, accessible only through a passageway allegedly discovered by Antarctic explorer ADM. RICHARD BYRD. The Nazis are said to be procreating like mad in preparation for a doomsday offensive that will BE JOINED BY UFO ALLIES..." (Grays? If by any chance such claims are true, then the massive program of mind control and implantation by "aliens" may be a preparation for the coming "Holocaust II". Of course any American in his right mind would not sit back and allow their country to be invaded by a joint Nazi-Reptilian attack force such as the one described in this article, with a fascist CIA acting as a "fifth column" ready and willing to turn over the nation to the invaders. If worse comes to worse, one should be careful not to promote any OFFENSIVE plans of genocide or extermination against a human "alien" force, and thus descend to their own level. Absolute surrender of such an attacker must first be offered-and they HAVE been attacking us in their relentless "Mind War" which they have waged against the nations of the earth-and if all else fails WHATEVER IS NECESSARY TO "DEFEND" THE SOVEREIGN UNITED STATES OF AMERICA will be justified [at least under the Geneva Convention]. As for the serpent race itself, being that all indications point to the fact that they are an irretrievably reprobate race, an unnatural "cancer" which infests the "body" of the universe like parasites-save for the "hybrids" or "hubrids" whom they use as slaves-it should NOT be considered a moral indiscretion to wage a war of extermination or genocide against their corrupted and soulless 'race'. Since the Grays have abducted and mutilated countless humans throughout the universe, this type of destruction-especially against a superior race or species such as the human race-requires a capital form of punishment. And since the serpent race operates as one vast collective mind with countless "cells", it would be evident that the entire "race" must be "judged" as one entity, A SINGLE ENTITY which is in fact the worst mass-murderer in the entire universe - Branton)
